The Federal Reserve bank, realizing suddenly that this is a nation and not a pawn shop, reduced the rediscount rate from 6 to 5 per cent.

Perhaps it will influence professional money lenders to suspend for a while the orgy of usury.

New Jersey, first among the states has absolutely wiped out the gypsy moth.

Governor Larsen and the state agricultural department are to be congratulated on a fine achievement.

More money than Wall Street could lose in a dozen panics would be saved if science could eliminate agricultural pests, boll weevil, corn borer and the rest of the army.

Excellent news comes from Florida as to the success of that state in dealing with the Mediterranean fruit fly. It has been a costly battle, but worth the money and trouble.

Samuel Insull and other big employers, following the example of Julius Rosenwald, supply money to protect employees from losses in stock speculation.

Henry Ford wouldn't agree with that idea. Two years ago when this writer mentioned certain stocks in which there were bound to be heavy losses, Ford said: 'Of course. But that's the only way people can learn.'

Whether it is wise not to let nature take its course in gambling as in other things, is questionable.

Senator Nye of North Dakota wants Wall Street and 'all speculation sifted.' What's more, he wants a remedy ready by February 1.

That's a short time for so big a job.

The Malay, in his breech-clout, bets on cock fights.

The proud red Indian piles up his shirt and blanket, bets them on a pony race, standing in dignified nudity.

Two ways of getting something: one is to work, the other to gamble. Ninety per cent of human beings prefer the gambling way.

That will be changed a good deal later than February 1, 1930.

From Pocantico Hills, where John D. Rockefeller is enjoying life at the age of ninety, came a statement that to the distressed was like a drink of cool water in the middle of Sahara:

'My son and I have, for some days, been purchasing sound common stock. We are continuing and will continue, our purchases in substantial amounts at levels which we believe represents sound investment values.'

Mr. Rockefeller, who has given away \$750,000,000 to science, education and fighting disease, rarely makes any public utterance. His statement about the purchase of stocks by himself and his son is his first public statement on business since 1911. It will do more than anything else could have done to restore confidence.

Those purchases, of course, will probably enable Mr. Rockefeller to give away another hundred millions. Everybody knows that his purchases are based not on a desire for profits, but to restore confidence and prevent unnecessary loss to millions.

Doctor Greet teaches English to girls at Barnard College and proves, with the phonograph, that there are 200 American dialects between the two oceans, the Great Lakes and the Gulf.

At least, all Americans understand each other.

It is not so in France, where a peasant from Brittany cannot understand another from the Midi.

The number of American dialects reminds you of a beautiful poem about the soldiers each remembering a different name, but 'All Sang Annie Laurie.'

Americans may speak 200 dialects, but they all understand each other when they talk about the dollar which is a sort of national 'Annie Laurie.'

You will be glad to hear that the Federal Reserve board says the Wall Street earthquake is over, public fears calmed.

It may be permissible to remark therefore, while the earthquake is still fresh in many minds, that gambling is dangerous.

And it isn't necessary. There are other, better ways of making a living in the United States. In addition to which gambling is no way to make a living.

Two more great oil fields have been found, one in Texas, one in Kansas. And it is called 'a misfortune harmful to the price of oil stocks.'

It ought to mean general satisfaction, proving the limitless wealth of this country. Unfortunately, oil companies and government combined have not learned to protect oil resources and prevent criminal waste.

FIRST BAPTIST CHURCH BOARD RECOMMENDS NEW BUILDING

FAVOR IMMEDIATE PLANS FOR PROJECT

WOULD SELL PROPERTY TO RELOCATE CHURCH—VALUABLE SITE OFFERED

At a meeting of the Board of Deacons of the First Baptist Church of Cameron last Tuesday the Board unanimously voted to recommend to the church that they enter into an immediate campaign for the erection of a new church building in Cameron.

This matter has been under consideration for some months by both the Deacons and the church members, but up to this time no official action has been taken by the Deacons or the Church and while we are not authorized to say that the church will accept the recommendations made by the board, yet we believe that on account of the large majority of the members who favor such a move, the church will accept the recommendation.

It is understood that the church may offer their present church lot for sale, with the idea in view of purchasing another location out further in the residence district. In case they decide to do this, real estate buyers will have an opportunity of bidding on one of the choicest business lots in Cameron, as it is located at the intersection of several important traffic highways and on the direct line of both of the railroad depots.

Special Train Will Carry Fans Friday To Brenham Game

A special train over the Santa Fe lines to carry football fans to Brenham will leave Cameron at 12:30 p. m., on Friday, November 22, it was announced here Wednesday.

Tickets for the round trip are sold at \$1.25 and may be obtained at the Auditorium Hotel. A canvas by committees showed that a large number of fans are interested and a big crowd is anticipated.

The Yoemen, under coach Perkins will leave earlier in the day for Brenham where they will have a light workout during the forenoon.

This game will close the season for the Yoemen who have not been defeated. If they defeat Brenham the district title will be won by the Cameron team.

Citizens here are asked to attend the game and give support to the team.

PLEATING MACHINE AT CLORE-MOWDY PLANT

\$1300 MAXANT MASTER MACHINE INSTALLED FOR MODERN CLEANING PLANT HERE

Clore and Mowdy announce the installation of a new Maxant Master Pleating Machine which is now in operation at their modern cleaning and pressing plant in Cameron.

This new Maxant Master Pleating Machine has been installed at a cost of more than \$1300 and is the only pleating machine to be found in Milam county and increases the facilities of this modern plant enabling Clore and Mowdy to render a service which heretofore has not been possible to obtain in this city or county.

The management invites the ladies of Cameron and Milam county to visit this modern plant and witness the demonstration they are conducting to acquaint them with the remarkable performance of this machine.

The Maxant Master Pleating machine is a regular factory pleating machine. It pleats 1065 different kinds of styles, including side pleats, box pleats, accordion, combination and many others in sizes from the very smallest to the largest used. This work is done quickly and perfectly.

Speaking of the work of this machine the management said: 'When a lady wants a special style of pleating it is only necessary for her to show us the pleat. We will then set the machine for the pleat desired and put

HE SAVED LIFE AND GETS CITATION AND CARPENTER GOLD MEDAL AT BANQUET

For saving the life of Mrs. Berry Pierce on July 21, 1929 by the prone pressure method of resuscitation, Floyd Stapleton, lineman for the Texas Power & Light Company, has been awarded the Carpenter gold medal. The medal was awarded to Stapleton at a banquet arranged in his honor at the Ada Henderson school on Tuesday night and held under the auspices of the Safety Department of the company service. More than a hundred and forty citizens including Boy Scouts were present to honor the lineman who saved the life of Mrs. Pierce.

On July 21, of this year Floyd Stapleton and another employe of the company were on the river. They arrived at the swimming beach where the body of Mrs. Berry had been placed after it had been rescued from the rapids below. No signs of life existed. Mr. Stapleton pushed his way through the excited crowd and took charge, placing the body in position to apply the resuscitation method which is effected by pressure on the body at breathing intervals. Within the space of half an hour Mrs. Pierce showed signs of reviving and with a continued application of the method she was brought back to life.

Attention of the accident and the saving of Mrs. Pierce was brought to

Christmas Seal Sale Work Progressing In Milam County

Preparatory work on the Tubercular Christmas Seal sale is progressing satisfactorily, according to Mrs. Albert Rettig, who is chairman of a committee working under the auspices of the County Council of the Parent-Teacher Associations. A meeting of the executive board was held last Friday afternoon at 2:30 o'clock at the County Court Room and it was decided to use the mail plan for the sale of seals. The sale will not begin until after the close of the Thanksgiving holidays but the compiling lists of prospective buyers and the preparation of letters are now occupying the time of the committee.

The drive will be conducted in the different schools over the county from December 9 to 20. It is planned to have a number of speakers in readiness for any emergency, and various announcements will be made at public gatherings.

The committee is particularly anxious to have a successful drive in view of the fact that if \$500 worth of seals are sold in the county, 60 per cent of the amount will be retained for county health work.

SINGING CONVENTION DRAWS LARGE NUMBER

HUNDREDS OF VOICES BLEND IN MELODY AS OLD SONGS ARE SUNG

The Salty Singing Convention meeting in Cameron Sunday at the Yoe High school auditorium had a very profitable and enjoyable session, according to Judge John Watson who was responsible for its being held here.

Congregational singing under the leadership of the president, Clarence Jackson of Salty, Frank Jackson, W. Baggett of Tracy, Mr. Collier of Buckholts and E. C. Edds, and others occupied the morning hours.

The people of Cameron served dinner at noon on the south grounds at the school. A feature of this entertainment was the presentation of a beautifully browned opossum to Judge Jeff Kemp. The card attached to it revealed that it had been caught by Welcome Woods of Milano, cooked by Mrs. John Watson, and presented by Judge Watson.

In the afternoon there was more congregational singing and also class singing on the program. E. C. Edds and three children of Heidenheimer sang quartettes, Messrs. Curtis Hays and A. C. Freeman of Cameron duets, and the choir of the Presbyterian church also sang. The Salty and East Grove classes also presented several numbers. The W. W. Kyle family, consisting of the father and three sons and three daughters gave several selections.

There were approximately three or four hundred out of town people attending. The next meeting will be held on the third Sunday in February at Salty.

Judge Watson wishes to express his appreciation of the cooperation given him by the people of Cameron in making the convention a success. Especially he is grateful to Mr. Fisher and the school authorities for the use of the school building.

Hunters Bring Back Two Large Bucks

Two hunting parties returning from the country near Kerrville to Cameron this week brought back two large bucks as a result of their stay in the mountain country.

The parties were composed of the following: W. B. Denson, Cecil Wilson and E. O. Schiller, making up one party and Dutch Walzel, A. J. Walzel and Eugene Green making up the other party.

W. B. Denson was the successful one in his party while Dutch Walzel got the buck for his party. All have returned reporting a splendid outing in the hills.

Mrs. Wilson Gunn, president of the Milam county W. M. U., left Sunday night for Beaumont to attend the women's meeting held in connection with the Baptist State Convention.

DEDICATION ST. MICHAEL CHURCH AT BURLINGTON

TUESDAY, NOVEMBER 26 DATE SET FOR CEREMONIES BY BISHOP BYRNE

Dedication of the new St. Michael church in Burlington will be held Tuesday, November 26 at 10 a. m., with Rt. Rev. C. E. Byrne, Bishop of Galveston officiating.

Rev. J. T. Morority, pastor of the church was in Cameron Wednesday and announced that the date for the dedication had been set with Bishop Byrne of Galveston officiating. The people of this section are invited to attend. The dedication will be witnessed by a number of prominent Catholic church leaders from over the state. The new building is of Spanish architecture and one of the finest church buildings in this section of Texas.

Following the dedication a dinner will be served by the ladies of the Parish. The members of the Parish are to be congratulated on this progressive program. At the time of the laying of the corner stone on July 7, 1929 the following historical sketch together with other documents were placed in the stone:

In 1875 some Catholic settlers from Michigan, Vermont, Wisconsin and Massachusetts came to this place formerly called Waterford. Among them were John Jones, John Nolan, Timothy Gleason, Timothy J. O'Neill, John Dillon, John M. Powers and John F. O'Shea. In March 1879 Holy Mass was celebrated here for the first time by Rev. Father Boussaint of Waco. Father Victor of Bryan ministered to the spiritual needs of the little flock from the Fall of 1879 to the Spring of 1881. Lucy Gleason, daughter of Timothy Gleason and Catherine Campbell, were the first children to be baptised here November 4, 1880.

According to the records John Dillon and Ellen Gleason were the first couple to be married here. Father John Louth C. S. C. officiating. In the Summer of 1885 the eight Catholic families banded together to build a house, however humble, to their God. On September 29, 1885 the Feast of St. Michael the Archangel, the little church was dedicated and Mass celebrated within its walls by Rev. Francis C. S. C. of Bellville. On May 17, 1889, the Rt. Rev. N. A. Gallagher D. D., Bishop of Galveston, administered the Sacrament of Confirmation to thirteen boys and twelve girls. In 1891 a school was built by Father Wertz. Bishop Gallagher appointed the Rev. Peter Bienemann pastor of St. Michael's Parish April 24, 1895. In December of the following year Father Bienemann completed a new church and three years later built a new school and residence for the Sisters of Divine Providence who came from San Antonio to teach. In July nineteen twenty a new convent for the Sisters was built under Father J. J. O'Reilly's direction. The Dominican Sisters from the Sacred Heart Convent, Galveston, took charge of the school in the Fall of 1921.

Early in the present year, which is the Fiftieth Anniversary of the celebration of the first Mass in Burlington, it was decided that a new church was needed. The parishoners, under the leadership of Rev. J. T. Moriarty had the plans of this church drawn by Maurice J. Sullivan, architect, Houston, Texas, and approved by Rt. Rev. Bishop Byrne. William Smith of Waco was awarded the contract and W. E. Williams being foreman, the ground was broken on April 16, 1929.

Levy's Selling Out Sale Is Attractive

The selling out sale at Levy's continues to attract seekers of dry goods bargains. In this issue of The Herald will be found a large display advertisement from this store announcing a continuation of this sale and new low prices on the goods in this store.

Mr. Levy is selling out his business in Cameron and there have been few times when offerings are so low as during the close out of merchandise.

CARPENTER MEDAL IS AWARDED AT BANQUET

FLOYD STAPLETON HONORED AS LEADERS LAUD SERVICE OF T. P. & L. CO.

Methods of safety employed by the Texas Power and Light Company for the protection of their employees and to safeguard the lives of others were urged as a necessary part of industrial life at a banquet held here on Tuesday night at the Ada Henderson school building at which time the Carpenter gold medal was awarded to Floyd Stapleton, lineman for the company who saved the life of Mrs. Berry Pierce on July 21 of this year after she had been rescued from Little River.

Prone pressure methods of resuscitation and other methods taught at weekly meetings of employees of every branch of the company were emphasized in an illustrated lecture while more than a hundred citizens were entertained.

John C. Young, manager of the local branch in cooperation with the safety division of the company represented by J. C. Rutland and R. M. Moore of Dallas, arranged the banquet which was attended by more than 130 people including the Boy Scouts who were invited especially for the lecture on safety methods.

The banquet was served by Mrs. Mohler and the Home Economics class of the school. Music for the occasion was furnished by the Bay Scout orchestra led by Joe Matula. An illustrated lecture was delivered by R.

Furniture Sale Offers Bargains At Cameron Furniture Company

A bargain event of unusual interest is the fall furniture sale at the Cameron Furniture Company which opens Saturday morning November 23 at nine o'clock. This is the annual sale of this big furniture house and the lower prices this year makes the sale the greatest in the history of the store.

In this issue of The Herald will be found a page advertisement listing some of the low prices to prevail on this wonderful line of furniture during the fall sale. Special opening day bargains are offered and those who wish to take advantage of the offerings should be at the store early in order to take advantage of them.

Circulars have been mailed to the trade territory and the sale will be one of the most widely patronized furniture selling events in the history of the city.

The big store is filled to capacity with new furniture and the bargains obtained on all lines with specially priced bargains on choice pieces and sets. It will be of interest to you to read the bargains offered.

R. F. Pool Of Sherman Is Visiting In City

R. F. Pool, Sherman manufacturer and wife are in Cameron for several days. They came here to be with Mrs. John A. Smith, sister of Mrs. Pool who is in the Cameron Hospital.

Mr. and Mrs. Pool were former residents here. Mr. Pool is now engaged in the manufacture of clothing at Sherman and his plant commands trade in several states. He has been a reader of the Cameron Herald for 48 years and while in the city was a caller at the office of The Herald to renew for another year. Mr. Pool was formerly engaged in business here and drilled the first oil well in Milam county 25 years ago at Baileyville.

Mr. Pool has many personal friends in this section of the state who are always glad to welcome him to the old home town.

Miss Eula Nagle of the Yoe high faculty has as her guests this week her mother, Mrs. Ann J. Nagle, and her sister, Miss Elizabeth Nagle, of Austin.

AUTO REGISTRATION DRASTICALLY REDUCED

REGISTRATION FEE CUT HALF
LOSS SUSTAINED MADE UP
BY GAS TAX

Texas automobile owners will have \$11,000,000 pocket change left over in January when they register their cars for the new year, as compared with the costs this year.

The 4-cent gasoline tax will gradually absorb much of this having been raised from 2 cents this mid-year, but this will be taken so gradually that it will be painless.

License fees for 1930 will range from one half to two-thirds this year's cost. Light cars will run just half, with a sliding scale based wholly on weight, ranging up to two-thirds the old fees on the heaviest passenger cars.

The reduction will average \$10 each on the 1,100,000 cars to be registered.

Registration cannot start until January first, the attorney general's department has ruled and must be finished before midnight of February 1.

Present combined weight and horsepower basis for fixing the license fees has been abolished and weight alone will govern the fees in 1930. A scale of weights and tax costs has been prepared, by which the owner of a car may figure out for himself what his new number plates will cost him. Weight of his car can be ascertained from his present registration slip. To this 100 pounds for water, gasoline and oil will be added. Following is the table of charges on the various weight brackets:

Weight	Cents per 100 lbs.
Up to 2000	28
2001 to 3500	35
3501 to 4500	48
4501 up	50

Comparisons on this year and next year's registration costs on representative models are given below:

Car Model	Present	1930
Ford, T	\$11.20	\$5.04
Ford, A, sedan	17.20	9.36
Ford, A, coupe	16.20	8.64
Chevrolet 6, coach	16.50	9.00
Whippet 4, sedan	16.00	8.64
Whippet, touring	17.03	9.36
Whippet 6, sedan	17.03	9.36
Plymouth, touring	16.00	8.64
Plymouth, sedan	17.00	9.00
Chrysler, 65, sedan	19.53	10.80
Chrysler 80, sedan	30.88	21.12
Dodge 6, sedan	19.22	10.44
Studebaker 6, sedan	21.72	12.24
Studebaker 8, sedan	32.02	20.16
Buick, light sedan	27.70	18.24
Buick, heavy sedan	32.35	21.12
Cadillac, sedan	40.67	23.50
Packard, sedan	40.67	23.50
Packard, heavy sedan	48.82	28.00

These cars are closely comparable in weight with other makes in the various ranges, so that they give a close indication of the costs for registering each car in January.

PAINFUL INDIGESTION

Lady Says She Obtained Relief By Taking Small Doses of Thedford's Black-Draught.

Ardmore, Okla.—"I have recommended Black-Draught to a great many people, and they always thank me, afterwards," says Mrs. Czarina Duke, 116 "B" Street, this city.

"Fifteen years ago, I was in very bad health. I suffered a great deal with indigestion, and I traveled from one place to another in search of health, but nothing helped me. I lost in weight, and my food disagreed with me, and I could scarcely eat a bite that did not give me indigestion."

"Often I had bad gas pains across my stomach, and I would wake up in the mornings with very bad headaches. I had a bad taste in my mouth, and would feel dizzy when I was on my feet."

"I began taking Black-Draught and soon found that I was getting better. I took a dose about the size of a pea, four or five times a day, for three or four days."

"After I had taken several courses of Black-Draught, in that way, I felt fine. I no longer had indigestion. I could eat what I liked, and enjoyed my meals. I gained in weight, and felt able to care for my children and do my housework."

accounting service of Finch and Company, Oklahoma City, enrolled from Morrilton, Arkansas. Even after years of experience and somewhat of a reputation of his own, he finds, when soliciting clients, that 'I'm a Tyler graduate' are magic words. He writes:

"When I first started out in the business world, I soon learned to tell my prospective employer that I was a graduate of Tyler Commercial College. That information always proved a great advantage to me. And even now I find that the old Tyler connection still has its charm. Everywhere business executives recognize the value of Tyler training."

"I took bookkeeping-accounting and stenography at Tyler, specializing on the (Bookkeeping-Accounting Course and, with the exception of the first six months after leaving T. C. C., spent in a stenographic position, I have followed accounting continuously since. I have always had a good position—in fact, I have not been off the payroll a day since I took my first position a few days after graduating excepting the time when I was organizing my own accounting business."

"My business has naturally increased year by year, and today I have as clients a number of important business organizations. My present earnings run into many thousand dollars a year."

"I attribute my success entirely to the Tyler Commercial College, as I have never taken any course of study on accounting from any other institution. The Accounting Course at Tyler gave me the foundation principles of accounting that have not only enabled me to fill accounting positions satisfactorily and to successfully establish and develop my accounting service, but qualified me to edit our accounting manual, 'The Bookkeeper's Master Key.' It has been my privilege, and your training is responsible for these progressive ideas, to make great strides toward modernizing and universalizing accounting systems in the business institutions of Oklahoma and the Southwest."

"No young man or young woman who is ambitious to earn the better salaries of business should not overlook the tremendous advantages of a training at T. C. C. The thoroughness of the instruction under any circumstances would give a young person a correct equipment. But the association of the name Tyler is a recommendation for employment that cannot be overlooked."

MEANING OF MY NAME

My name, Myrtle, comes from the word myrtle which is a fragrant evergreen shrub. This shrub is small with glossy evergreen leaves and white or pale flowers. My surname, Adams, originated from the Hebrew Adham, signifying man, literally, earthly. The name in Ethiopia means 'to be fair.' The name Adam occurs in the Bible as the name of the first man.

—Myrtle Adams.

Patricia is of nobility or of noble birth, and it originated with the Romans. McGregor is a Scotch name. One of the very first families of Scotland was named McGregor. In England, Rob Roy McGregor, was a very prominent man. I know of few great people with my first name, and I hardly ever see it in books or stories.

—Patsy McGregor.

My name, Carroll, was taken from the Christmas songs, carols, which mean joy and singing. Members of our family have been named this name for a long time.

My surname, Green, was taken from Captain Greene in the English army. We have dropped the last 'e' in Greene.

—Carroll Green.

Giles Croxton Avriett is my name. My first name means Kid. French names are Giles and Croxton. Avriett is a Dutch name; it came from my great-grandfather who was from Holland.

My father and grandfather are named Giles too. The other famous person with my name was a bishop in the Catholic church. A book in which my name appears is Robin Hood. In this story Giles is an archer at tournament.

—Giles Avriett.

My first name is Roy. It was taken from the word royal, meaning of noble birth. It is a Scotch name. I can't find any meaning of Baskin, or how it originated, but it, also, is a Scotch name.

I was named for my Dad. The Interscholastic League Spelling List is written each year by Roy Bedichek. Sir Walter Scott's Rob Roy, has the character Roy in it. In the book, Silent Scott, there are twins, Rob and Roy.

Roy —Baskin, Jr.

May comes from the goddess, Maia, the beautiful daughter of Atlas, god of the world. If you look into the sky, you can see a cluster of six stars. This is Maia and her sisters. Griffith is an old Irish name.

I was named for my mother and grandmother. Louisa Mae Alcott has my name. My name also appears in many stories.

—May Griffith.

Pope, means the head of the Catholic church. Clayton is made up of two words; Clay and ton. I suppose in olden times a man by the name of Clay hauled tons of dirt and finally the name was put together, and Clayton became his name. My surname is Sapp, and that doesn't suit me at all, believe it or not.

—Clayton Sapp.

My first name, William, means a protector. Slaughter, my surname, means to kill. Thus, I suppose, William Slaughter means, I kill to protect others.

William the Conqueror was a great man. William Shakespeare was the world's greatest poet. William Harper was the first president of the University of Chicago. William Henry Harrison was the ninth president of the United States. I could mention many more famous men named William. I wonder if I shall ever be a famous William.

—William Slaughter.

Charles or Charlie is my name; it means manly or noble spirited. Charles is taken from the Teutonic race. The Danish people say Karel; the French, Charles; the Germans, Karl; the Italian, Carlo; the Latins, Carolus; the Spanish, Carlos; and the Swiss, Karl. So you see my name is a very distinguished name. I have read of many famous people having my name. Some of them are: Charles Emory Smith, an American journalist; Charles Lindbergh, an aviator; Charles, King of England and Charles the bold, Duke of Burgundy.

My surname is Smith. Years ago people in the old world went by one name. For instance there was a man that was a blacksmith. He was called Charles the Smith. Later it became Charles Smith, leaving out the. Some prominent men made famous with this name are: Captain John Smith; Alfred E. Smith, Francis Smith, a famous American artist; and Alexander Smith, a great chemist of Scotland.

—Charlie Smith.

My first name, Regina, comes from a Latin word meaning Queen. Long years ago people had only one name. There was a man whose name was Mose of Ely, and when people began to have two names he changed it to Moseley.

Regina is a peculiar name I think and I have known only few people with this name. I have seen this name occur in one story, The Girl from the Country. Regina is also the

capital of Saskatchewan, Canada.

—Regina Moseley.

Helen is my name. This word comes from the Greek word Helene, signifying a lamp; therefore Helen means brightness. Swift is my surname. Don't you think that is a queer name? Swift, means rapid, it has been traced back to the Indians, for you know they were very swift in action.

My mother and father liked the name Helen very much, so that is why I have that name. Among the famous people by the name of Helen are: Helen of Troy, the daughter of Jupiter and Leda; Princess Helen, the mother of Michael, the youngest king in the world; Helen Davis, a great singer; and Helen Wills, the undisputed amateur tennis champion. The famous people that have the name of Swift are: Jonathan Swift, an English prose humorist and the author of A Tale of a Tub, and Battle of the Books.

—Helen Swift.

My first name is Ernest, and as told in a dictionary of names, means, always in earnest, but mother said she didn't believe that was a good dictionary. Anyway I'm going to tell people it's right whether it is or not. Alonzo, my middle name, comes from both of my grandfathers and my uncle. My last name or surname is Sharpe and as best as I can figure out it must have come from some jester of an English court, because in the Middle Ages a person had one name and he was identified by some characteristic or by his occupation; so the jester could have been called Ernest the sharp, meaning Ernest the witty. Now I don't want you to get the wrong idea about a jester for it might get me in trouble with my kinfolk. A jester had to be a very smart and witty man. He had to know when to say something to amuse the king and yet not offend him. The king's fool is the one we often talk about as a jester because he was a dumb knowing nothing that couldn't help being funny and silly.

I was given the name Ernest after my father and Alonzo, and have been told after my grandfathers. Ernest doesn't seem to be very common for I can't remember seeing it anywhere but Alonzo appears in the history book. One of the officers of the Santa Marie, flagship of Columbus, was

named Alonzo. In the World Book there couldn't be found any great man with Sharpe as his name but that isn't any sign there won't be.

—Ernest Sharpe.

The '67 Go-Getters, Seventh Grade Club met in the auditorium Friday morning November 9. The meeting was called to order by our president, Ernest Sharpe. Minutes of the last meeting were read and a very interesting program was enjoyed by all.

Mr. and Mrs. Lee gave a musical number, then Mr. Lee told us stories with his violin. This number was a 'great hit.'

Miss Sallie Coleman in a charming manner read for us.

Mr. Graham Gillis gave a very helpful and interesting talk on 'Mechanics of Speaking.' This talk will be helpful to us because we are trying to learn how to speak correctly and interestingly. Mr. Fisher was to give us a talk but we are sorry that he could not meet with us.

Time was up and we did not get to attend to business during this meeting. In the next meeting we have several items of business to attend to.

Priscilla Club Meeting

Notwithstanding the rainy weather the Priscilla Club enjoyed a very pleasant session Thursday afternoon in the home of Mrs. John Mangum on Hefley Heights. With the members present were the following guests: Mesdames John Watson, R. C. Knipp and J. E. Wallace. The informal work hour was concluded with an enjoyable salad course.

Miss Margareite Bowman of Moor-ville is the guest this week of her sister, Mrs. James Watson.

Mrs. M. E. Quaid of Marlin is visiting in the home of her daughter, Mrs. James Watson.

Mr. and Mrs. Jeff Hefley have returned to their country home after a week's stay among Cameron relatives and friends.

The Forty-Two Club will be entertained Thursday afternoon by Mrs. Oxsheer Smith at the home of Mr. and Mrs. Rush Thomas.

Dr. W. A. Gillon left Monday for Dallas where he will attend the meeting of the Presbyterian Educational Board of Texas Synod.

Mr. and Mrs. Best of Toronto, Canada, arrived in Cameron this week and will spend the winter in the home of their son, Dr. E. E. Best.

D. F. Davis and family of Dallas visited relatives. Mr. and Mrs. Judd Davis in this city Monday, and will be guests this week among other relatives in Sharpe.

Miss Pritchett of Temple, a former member of the Cameron school faculty was in the city Saturday attending the match game of football between the Temple and Cameron school boys.

The Girl's Missionary Society will meet in a work session with the president, Miss Sallie Kate McLane Monday afternoon at 4:15. Each member is urged to be present to take part in the Christmas enterprise for the orphanage.

Our old friend, J. B. Rector of the Buckholts Hardware Company was a Saturday visitor to Cameron. He was a former Cameron citizen, being a of the Santa Fe at this place a number of years and is one of the most popular citizens that the Cameronsites have the pleasure of greeting.

The high school basketball team chaperoned by Miss Middlebrook, spent Friday afternoon and evening in Caldwell where a match game was played with the Caldwell team. The score ended, twelve to thirteen in favor of Cameron. A delightful party was enjoyed in the evening and the young people returned on the midnight train.

A Little Boy's Birthday Celebration On Thursday afternoon at the home of Mr. and Mrs. Claude McGregor, a happy gathering of children was celebrated.

led to join Harleigh McGregor, in celebrating his ninth birthday. The weather was bad and the entertainment was arranged for delightful indoor sports. Early in the party a treat of cream and cake was enjoyed, followed by the cutting of the birthday cake where the fortunes fell as follows: Luther Tyson Jr., got the dime; Lillie Kate Beckerman, the needle; Marvin Sykes, the ring; Neppie Newton, the button. 'Fruit basket' was another interesting game, and not the old fashioned 'play-like' fruit basket either, Harleigh's was the real thing. It was like this: A bowl full of numbers had been tied with a white or pink ribbon; then came a drawing time, a white ribbon for the girls and a pink ribbon for the boys. These numbers corresponded to a basket of good things, all in a row—apples, oranges, bananas, popcorn balls and candy. The number drawn won something from the basket of that number. Two special draws gave a football which

fell to Luther Tyson Jr., and a baby doll which was won by Stella May Green. The little folks all had a lovely time and though Harleigh did not announce the occasion as his birthday 'some little bird told it' and he received a nice collection of little gifts from the boys and girls.

Let the ECONOMY TWINS

How often have you said, "If I only had someone to help me I could be through with my work in time to—?" Yes, in time to enjoy a whole world full of new diversions. Time would be yours for study and self-improvement, for profitable occupation, for devotion to your children and their needs, for bridge, golf—or for doing any one of hundreds of other delightful things.

Electricity creates the New Hours for these things. There is an electric appliance for practically every household task of today. If, alone, you can do your work in six hours per day, with the help of electric appliances you should be able to do it in three hours. There are three perfectly New Hours for you each day.

Then, too, there is the ease of doing things electrically. In three hours you can not only do all the work which once took six hours, but you can do it so much easier. So that when you are through with your work you will feel fresh and ready to fully enjoy the three New Hours which will be yours to do with as you will.

These New Hours are already made for you. They are right in the walls of your home. All you need to secure them is a few properly placed Service Outlets and the electric appliances which will most efficiently and economically do your work and conserve your strength.

The Texas Power & Light Company completely understands the use of electricity in the home. We will be glad to advise with you as to the placement of Service Outlets in your home, and also as to the most useful appliances for your particular needs. Then you can begin at once to enjoy the fullest use of electric service, for our terms are such that you use your appliances as you pay for them, conveniently, each month. Let the Service Outlet start bringing New Hours to you at once.

PIONEER MERCHANT SOLD MERCHANDISE IN ADVANCE OF RAILROAD; LETTER TELLS OF CONDITIONS AT LEXINGTON IN 1871

Mrs. James Childers, principal of the Grammar School, has in her possession an interesting letter written by her great-grandfather, R. M. Dickson, from Lexington, Texas, and dated January 19, 1871. It is addressed to the brother of the writer, M. A. Dickson at Alexandria, Ala.

The R. M. Dickson store at Lexington was built by the writer of the letter in 1860. It still goes by the first owner's name, and is now managed by his descendants. The letter is written on a folder of ruled stationery having a raised design of a four-masted schooner in the upper left hand corner. The writing is a fine Spencerian script done in black ink.

There are many bits of information in the letter that are both amusing and interesting for us reading it half a century later. He writes that a certain John G. Green had recently moved to Waco and was engaged in keeping a livery stable, and Mrs. Childers informs us that this livery stable was on the sight of the present Sanger Brothers store. Again he writes as follows: 'I am still going on slowly but sure in selling goods. I still adhere strictly to the all cash system, not even 5 cents credit. My sales are very dull now on account of cotton being a very low

price and the holders are not disposed to sell at present prices. Those who sold their goods on credit cannot collect any money scarcely. My sales average \$600 per month and did so all last year.'

There is also an interesting account of railroad building. 'I am still anxiously looking for you here,' the writer continues: 'I suppose you will come about the first of April. The cars will be running by that time to Ledbetter about 20 miles of this place, and then the next station will be finished about June. (This was presumably the present town of Giddings). It will be about 14 or 15 miles from this place and will be a good place for business. It will be the best depot on that road from Brenham to Austin. A large portion of this county will trade there and all of Bastrop; it will be about 15 miles from Bastrop. Waco is now a big city, property gone away up to high figures. There will be another road built that will run in 17 or 18 miles north of this place from Fulton on the Red River to Austin. It will cross the Central road about 20 miles from Bryan, 50 miles from here, and cross the Brazos at old Nashville. It will be a good road to do business on. It passes through a splendid country.

MISS ESTELLE STEELE BECOMES BRIDE OF MR. IVY ANGELL WITH CEREMONY AT WALKER'S CREEK CHURCH THURSDAY

The Baptist church at Walker's Creek was the scene of a pretty wedding last Thursday evening, when Miss Estelle Steele, daughter of Mr. and Mrs. J. L. Steele of Walker's Creek, became the bride of Mr. Ivy Angell, with Rev. J. Kelly Simmons of Baylor University, pastor of Walker's Creek, the celebrant.

An altar was improvised of ferns and chrysanthemums in red, white and yellow, forming a mass of autumnal tints. With Mrs. J. Kelly Simmons at the piano, Miss Mary Lou McCall of Cameron sang the nuptial solo, 'I Love You Truly.' Mrs. Kelly also played the processional and recessional.

The bride, beautiful in a gown of white crepe with accessories of white entered with her sister, Miss Frances Steele who was maid of honor. The

bridal bouquet was of red and white rose buds and fern. Little Sue Delahunty was flower girl and bridesmaids were Misses Ethel Hickman and Cora Mae Link. They wore blue frocks and carried bouquets of red chrysanthemums.

The groom was attended by George Angell as best man. Ushers were Rev. Odell Jamison of Waco and Ozelle Angell.

Following the ceremony a wedding supper was served at the home of the bride's parents.

Mrs. Angell was a student at Yoe high school at the time of her marriage, and would have graduated with the June class. Mr. Angell, the son of Mr. and Mrs. Dave Angell, is a farmer of the Walker's Creek community.

SILVER ANNIVERSARY IS CELEBRATED HERE

MR. AND MRS. S. KESTENBAUM INVITE FRIENDS TO BUFFET SUPPER FRIDAY

Mr. and Mrs. S. Kestenbaum entertained Friday evening with a buffet supper in celebration of their silver wedding anniversary.

The table in the dining room was covered with a handsomely embroidered cloth, which came from Hungary thirty-five years ago, and which was made by Mrs. Kestenbaum. The centerpiece was made of white and pink carnations and fern arranged in a silver basket and resting on a reflector. Pink tapers burned in silver holders, and surrounding the centerpiece were silver novelties in heart and wedding bell design. A shower of pink and white wedding bells was suspended from the chandelier.

The guests served themselves and then found their places at small tables in the living room, which was decorated with mammoth orchid and white chrysanthemums sent the honorees by Mr. and Mrs. Charlie Frank Green in commemoration of the day.

Mrs. Kestenbaum, who entered with Adolphus Winfield after the guests arrived was dressed in white and she carried a shower bouquet of white carnations and fern, the gifts of her daughter, Mrs. L. Housman and Mr. Housman of Brenham.

Games of bridge were played after supper, Mr. and Mrs. Charlie Frank Green making highest scores. Awards

PARENT TEACHERS HEAR MRS. MARTIN

STUDY CIRCLES ARE DISCUSSED AT MEETING HELD HERE ON THURSDAY

Mrs. J. C. Martin addressed members of the Cameron Parent-Teacher Association in regular session last Thursday afternoon at the Yoe high library, using as a topic 'Study Circles.'

In her introductory remarks, Mrs. Martin said that parents need to realize that they must seek preparation and education for the task at hand in order to be stepping stones rather

than stumbling blocks for the future generation.

One way to acquire necessary knowledge for the rearing of children is through study circles in connection with the work of the P. T. A. These are not to be confused with correspondence courses; the latter serve to make better P. T. A. workers, while the former make better parents.

Study circles may be organized in various ways. A customary method is for parents of children of the same age or of the same grade in school to form a group. The place of meeting may be adapted to the convenience of the members. A study circle may have the same leader each meeting and different members may prepare short papers on assigned subjects, there may be a different leader each time. Round-tables are often very practical and helpful, and short, spicy debates add variety to programs.

It is hoped that a number of study circles may be formed among the parents of Cameron so that they may study child nature and its needs. Mrs. Graham Gillis is study circle chairman and she wishes interviews with those who are interested.

Mrs. H. E. Garner presided over the meeting last Thursday which was opened with a prayer by Rev. Hardigree of the Christian church. Mr. Curtis Hayes, who led the singing in the recent revival conducted by Rev. Hardigree, led those present in group songs, and then rendered a solo 'Sometime, Somewhere.' In commemoration of Armistice Day, Mary Frances White read, 'In Flanders Fields' and 'An Answer.'

Routine matters of business consisted of the treasurer's report and the reading and adopting of the Constitution and By-Laws. Mrs. K. K. Robbins thanked the Association for the life membership in the Parent-Teacher organization which was presented her by the County Council.

Mrs. Henry Hefley was named as a delegate to the Parent-Teacher conference in session this week at Waco and Mrs. Arthur Lee was designated to go as the president's alternate. Mrs. Ben Atkinson is representing the County Council.

The following members have completed the correspondence course and were entitled to a diploma, the awards having been made at a banquet Monday evening given at Karen Temple in Waco in honor of Mrs. S. M. N. Marrs, a Texan, who is national president: Mesdames Henry Hefley, F. E. Garner, K. K. Robbins, Floris Criswell and W. R. Newton. Others are busy working on the course and will be entitled to diplomas when they have finished it.

RED CROSS ROLL CALL LAUNCHED IN COUNTY

ROYAL P. JETER, CHAIRMAN REPORTS LIBERAL RESPONSE TO ANNUAL APPEAL

Royal P. Jeter, chairman of the Red Cross Roll Call drive, reports that the people of the county are responding encouragingly to the appeal made for subscriptions. Committees visited the rural communities of the county Monday distributing supplies, and they brought back with them reports of a cooperative spirit everywhere.

The work of soliciting in Cameron was launched Monday afternoon with a meeting of the zone chairmen, called by Mr. Jeter at three o'clock at the County court room. These chairmen have been drafted for immediate work and will make a house to house canvas of the residence and business districts. The customary buttons will be given as receipts for enrollment.

The chairman is highly pleased with the cooperation he is receiving in the Roll Call, and, while there are a great many helping whose names he has not received, he is particularly appreciative of the prompt and willing assistance given him by the following:

Mrs. R. H. Johnson, Mrs. Raymond Beard, Mrs. M. N. Killian, Mrs. Larry Hackbail, Mrs. Frank Hanel, Mrs. F. C. Fahrendorf, Mrs. Oxsheer Smith, Miss Edna Smith, Mrs. J. P. Lova, Mrs. W. O. Triggs, Mrs. Katie Robbins, Mrs. Jas. D. Baskin, Roy Baskin, Jack Freeman, T. F. Hardy, T. J. Beckerman, Rev. E. S. Hutcherson, Rev. J. P. Love, J. B. White, J. C. Mayfield, W. G. Gillis, Stanton Dosssett, W. O. Triggs, B. J. Matocha, Leo Laake, Oxsheer Smith, Chas. C. Smith, M. Janeway, Hubert Hefley, Walter Sharpe, Roy Law, Drayton McLane, F. A. Marek, Dr. J. L. Denson, Judd Davis and J. C. Tucker of Cameron and Chas. Saller and W. B. Elliott of Thorndale.

The appeal of the Red Cross is universal and it's worthiness is attested by the promptness with which our people respond.

Mrs. Ben Baskin Is Hostess At Bridge

Amid an autumn setting of multi-colored leaves, red berries, and laven-

dar and yellow chrysanthemums, Mrs. Ben J. Baskin entertained the Triple Four Bridge Club at her home Tuesday afternoon. Mrs. P. W. Davis scored highest in the games and was awarded a bed lamp, and Mrs. Conn Moody received linen handkerchiefs as consolation for low score.

Following the games the hostess served a salad course and coffee from trays that were centered with vases of lavender chrysanthemums.

Guests other than club members were Mesdames Conn Moody, S. Kestenbaum, Graham Gillis, Bassett Watson, Eugene Green, George Kay, W. E. Levy, Dutch Baskin, Mack Fox, J. M. Bowman, John Rosson, Gordon Baskin, Roy Griffith, and Buck Bonds and Miss Rosalee Baskin.

Christmas Seals

For the first time since the now-famous Tuberculosis Christmas Seals have been sold, the sale is being handled in Milam county through a well organized county-wide campaign and in a manner that presages a full measure of success.

The County Council of Parent-Teacher Associations has the campaign in charge with Mrs. Albert Rettig, of Cameron Route 3, as chairman and with Mrs. J. P. Love of Cameron, as directing genius, and with a county organization thoroughly aroused to the importance of the work. The precinct chairmen have been selected carefully and are all interested and the campaign of this season will probably be the opening wedge that may ultimately result in the securing of Milam county of a regularly-employed County Health nurse, the need of which is well understood.

A meeting of the Christmas Seal Campaign Executive Committee was held last Friday in the office of Mrs. Kathryn K. Robbins, County Superintendent, at the courthouse. At meeting the campaign was carefully planned along lines considerably at variance with the plan heretofore used in this county.

Briefly stated, this plan calls for the sale of the Christmas Seals by mail. Each Precinct chairman will supply the headquarters office in Cameron with a list of names of interested persons in the several communities who should, and probably will use the Seals freely.

To these prospective purchasers a supply of the Seals will be mailed accompanied by a brief explanatory letter, soliciting the co-operation of the recipient. Records will be kept of all such mailings, and the Precinct Chairman will follow up with personal solicitations. In this manner it is hoped to place many more of the Seals than has ever before been done.

At this advance date the Executive Committee cordially asks all persons so addressed for their hearty co-operation in the interest of one of the most important humanitarian campaigns that has ever attracted the attention of this broad land.

A few points of explanation: The Tuberculosis Christmas Seals are attractive little stickers, about the size of a postage stamp. They sell for a penny a piece. One dollar buys one hundred seals. The seals are to be used on the reverse side of letters and packages sent through the mails.

They thus serve a two-fold purpose: To advertise the work of the Texas Public Health Association, and to raise money for the furtherance of that work. Merchants and business men are expected to stick one of these seals on the back of every letter and statement mailed out between December 2 and December 25. People of all stations are asked to place one of these seals on the back of every envelope in which they mail a Christmas card. Attention is called to the fact however, that the seals MUST NOT be placed on the front or address side of envelopes. Uncle Sam is co-operating in the matter by permitting their use on all mail matter, but requires that they DO NOT be placed on the address side. Use them on the BACKS of the envelopes.

Good Cheer Club With Mrs. Burke

Mrs. Ray Burke was hostess to members of the Good Cheer Club Friday afternoon at her home on East Twenty-Third Street. A color scheme of orchid and yellow was used in floral decorations and table accessories. Followed the games, the hostess served salad and tea from the tables covered with yellow luncheon cloths. Mrs. W. M. Ryan was the only guest other than members.

The ladies will meet at the church next Monday afternoon.

Dorothy Lesovsky Is Honored At Birthday Party Tuesday

Miss Dorothy Lesovsky was honored Tuesday evening, when her mother Mrs. Frank Lesovsky, entertained in honor of her birthday, inviting twelve girls of the high school set for dinner. The table was centered with a low arrangement of fruit and autumn leaves, place cards were suggestive of Thanksgiving, and souvenirs were cardboard stick-ups in turkey design brought in with the salad. A two course dinner was served. Afterwards the guests enjoyed dancing.

Those invited for the courtesy were Misses Stella Mae Cass, Billy Gaitner Imogene Sapp, Marjorie Dusek, Gladys Jewel Copus, Arnette Ryan, Aline Owens, Laurita Evans, Katherine Hefley, Katherine White, Foldine Rylander and Julia Mae McCollum.

P. T. RAMSEY AND WIFE LEAVE FOR CROCKETT

METHODIST PASTOR HONORED AT TWO GATHERINGS DURING WEEK

The departure of Rev. and Mrs. P. T. Ramsey and Miss Katherine Ramsey for their new home in Crockett was the occasion last week for two delightful social gatherings.

The Friendly Bible Class of the Sunday school honored Mrs. Ramsey, their teacher, at the home of Mrs. B. F. Bonds Thursday afternoon, with an informal tea. Miss Katherine Ramsey sang a solo, and this was followed by a musical guessing contest.

The table in the dining room which was presided over by Mrs. R. J. Long was centered with pink radiance roses and pink tapers in crystal holders. Sandwiches and cakes were served with coffee and pink mints further augmented the favored color.

Later in the afternoon Mrs. W. B. Levy gave several piano selections, and just before the farewells were said, Mrs. Ramsey was presented a lovely silver flower basket from the class. She was also the recipient of a shower of miscellaneous gifts from the individual members.

Miss Katherine Ramsey was the recipient likewise of a miscellaneous shower from members of the Methodist choir Wednesday evening at a social meeting at the home of Mrs. W. B. Levy following regular rehearsal. The gifts were in a basket fashioned in pink and were presented to Miss Ramsey by Mrs. B. F. Bonds, president of the choir.

Features of entertainment were a vocal solo by Mrs. Arthur Lee and various games. Mrs. Levy and W. R. Hoover served hot chocolate and cookies.

Miss Frances Sharpe Is Hostess To Club

Members of the Treble Clef Club, the junior musical organization of Cameron, met Wednesday afternoon after school with Miss Frances Sharpe. Business matters occupied most of the afternoon, a feature of which was the initiation into membership of Miss Glen Brooks. Miss Arnette Ryan and Miss Brooks played several piano selections.

The hostess served a salad course and hot tea.

Miss Lucile Dickard Hostess At Bridge

Miss Lucile Dickard entertained members of the Tuesday Bridge Club this week at the home of Mrs. W. O. Triggs. Misses Fanny Lou Davis and Ethel Jenkins were additional guests.

Fall colors were used in house decorations of red berries and yellow chrysanthemums. Miss Katherine Flinn made high score and Mrs. Gaston Barmore was low.

After the games the hostess covered the tables with paper cloths bearing gay Thanksgiving designs, and served a salad course and hot tea. She was assisted by Frances and Lucille McDermott.

Mrs. Kristina Bartek Dies At Marek Tuesday

Mrs. Kristina Bartek of the Scaton community died Tuesday afternoon at 2 o'clock at the home of her daughter Mrs. Mike Ondrias, at Marek, during the course of a visit there. Funeral services were held this morning at ten o'clock at the Cyclone Catholic church. Father Kacer of Marek officiated and Green Brothers were in charge of arrangements.

Mrs. Bartek was 79 years and eight months old. She was born in Czechoslovakia and came to central Texas 44 years ago. Her husband, Frank Bartek, died in 1916. She is survived by five sons, John, Joe, Frank, Steve and Andrew Bartek; three daughters, Mesdames Agnes Cocok, Frances Hutka and Annie Ondrias; a sister, Mrs. M. S. Chromcak of Portland, Oregon; 69 grandchildren and 46 great grandchildren.

Pie Holds Gifts For Guests At Party For Billy Howard

An immense pie, fit indeed to be placed before the king of the occasion, who happened to be Billy Howard, son of Mr. and Mrs. Ernest Howard, was filled, not with blackbirds, but with French harps for the boys and dolls for the girls who were invited to celebrate the third birthday of the honoree Saturday afternoon at the home of his grandparents. Mr. and Mrs. J. F. Howard.

The pie was cleverly made of paper and attached to the gifts concealed inside were ribbons of green and or-

ange, one color for the boys and one for the girls. And when the pie was opened by pulling the ribbons the harps and dolls were found.

The birthday cake, iced in white and bearing pink candles, rested in the center of the dining room table. Extending from the central light to the four corners of the table were paper streamers in green and orange. There was an emblem in the cake for each guest, and these were also tied with ribbons in the chosen colors. Candy and ice cream cones were additional refreshments.

Those present were Myrtle, Doris, Owen and Grady Stidham, Jr., Waybourn Gunn, Gerald York, Dick Slocomb, Joe Bill and Iva Earl Heath, Marjorie and Wayland Kidd, Billy Gene Compton and the honor guest.

GAUSE

Rev. Edd Pather, assigned to the pastorate of the Methodist church here at the recent Texas Conference held at Palestine met his first appointments here Sunday.

Twenty-three years as a pastor is Rev. Prather's record, counted as a man entering into his elderly days, he is nevertheless young in vigor and spirit and the Gause church is to be congratulated upon the prospect of his wise guidance. He has already won many children as friends and he wishes to meet them all at the Methodist church next Saturday afternoon, November 23, at three o'clock. Parents are also invited. He will have something good and interesting.

A new variety store was opened up for business Monday in the bank building under the ownership of G. R. Varner and T. C. Wilson. Many pretty novelties, things to be found in a variety store decked the shelves. They invite you to come in and see it.

Miss Eloise Thompson, teacher of the Cook's Point school, spent the week end with her parents.

Brown Ely and Blakely Bailey, who are attending the Allen Academy at Bryan spent the week end in Gause.

Mr. and Mrs. Arthur Bowling visited relatives in Franklin during the week end.

Mr. and Mrs. Wishants and family of Houston visited relatives in Gause Sunday.

Edd Wing of Cameron is visiting Mr. and Mrs. V. P. Smith.

Mr. and Mrs. James Harris of Buda visited relatives in Gause during the week end.

Miss Willis Grisby of Austin was the guest of Mr. and Mrs. A. Varner Sunday.

B. Folmar and son, Jessie B. of Hempstead visited their mother and grandmother, Mrs. Jack Folmar Sunday.

Mrs. B. T. Godfrey and daughters, Gertrude and Mary, who are attending school in Houston, visited B. T. Godfrey and Mr. and Mrs. Will Spragins Sunday.

Mrs. Guy Tidwell and daughter, Helen June, of Austin spent Sunday with her parents, Mr. and Mrs. Partidge.

Mr. and Mrs. Mitch Perkins and Miss Sadie Williams barely escaped serious injuries when the car in which they were riding collided into C. S. Critchfield's store. Mrs. Perkins (formerly Mary Goldie Gause) was driving and attempted to turn a corner at too fast a speed and the car dashed across the street, sidewalk, etc., hitting the side of the store and pretty well wrecked the car, a new Ford roadster. Mr. Perkins suffered from cuts about the head while the ladies escaped any serious injuries.

Bill Jones of Dilly was the guest of Miss Mary Sue Walker Sunday.

Mr. and Mrs. L. C. Self of Hearne were the guests of Mr. and Mrs. R. B. Self Sunday afternoon.

Miss Elsie Hauptfleisch, teacher in the Milano school, spent the week end with her parents, Mr. and Mrs. F. M. Hauptfleisch. Misses Edrie and Arie Wilson, Helen Hauptfleisch, Messrs. Charlie Kilpatrick and Dan Todd motored to Milano with her Sunday afternoon.

Mrs. W. Y. Self and Miss Annie Haire of Branchville are spending the week with Mr. and Mrs. R. B. Self.

Tom Self who is attending the

Hearne school, spent the week end with his parents, Mr. and Mrs. R. B. Self.

Mrs. L. S. Cunningham has returned after a few days visit with her daughter, Miss Jim Lou, who is attending school in San Marcos.

Miss Juanita Thomas returned to Rosebud Sunday with her parents, Mr. and Mrs. J. H. Thomas, after a week's visit with her friend, Miss Oralee Cockran.

Rex, Corley, principal of the Ben Arnold school and once superintendent of the Gause school visited friends here Saturday.

With regrets we are sorry to report that Raymond Alexander, who has been in the Cameron Hospital for the past seven weeks suffering from a broken hip, must remain there a number of weeks more. While attempting to move himself one day last week he injured the hip in such a way that it had to be rebroken and set again Friday. We hope no other misfortune will occur and that his recovery will be soon.

Mrs. C. W. Stephens and daughter, Dorothy, of Rockdale were the guests of Mr. and Mrs. A. Varner, Saturday.

Forty-Two Parties Feature Week

After a series of very large parties during the summer months, small groups are now being invited for games and pleasant gatherings.

Mr. and Mrs. Oxsheer Smith entertained last Friday evening with six tables of 42 at their home. J. W. Coleman made high score for gentlemen and Mrs. W. O. Newton for ladies. Judge Gillis and Mrs. R. D. Brown were low. Following the games the guests were served a salad and coffee.

Another small party was an event

of Friday afternoon when Mrs. W. A. Bonds was hostess to four tables of bridge players. Yellow chrysanthemums were favored in house decorations. Mrs. Eber Flinn was high for the afternoon and Mrs. W. R. Hoover was low. Mrs. Bonds served a salad and hot tea.

Jamison Loses In Suit Against Cox

In the case of J. A. Jamison vs. W. W. Cox which was tried last week, the jury returned a verdict in answer to special issues on Saturday morning to the effect that the defendant did strike plaintiff, and not in self defense, and that the plaintiff was forced to sign the paper handed him by defendant by reason of an assault, but did not allow plaintiff damages. Plaintiff filed application for a new trial.

Every Hunter Gets Buck; Local Men Back From Hunt

Every man got his deer in a party of six local men who returned Tuesday from Fredericksburg where they spent several days in an enjoyable outing in the deer country of the west. Those who enjoyed this hunt were J. D. Dobbins, W. S. Lamkin, Bob Lamkin, W. T. Whatley, Homer Nabours and F. S. Lesovsky. The party bagged six legal buck, the largest falling before the marksmanship of Mr. Lamkin, a nine point buck.

The men report deer plentiful and splendid luck as the bag for the trip indicates.

GREAT GAMES

Football and basketball are great games; in fact, we all like a game of any kind if it is well played. Those who become known as stars at any game have necessarily spent much time in practice and study of the fin-

er points of the game. An untrained player would not think it possible to play a winning game against a star player, yet young men and women without a business training try to play the game of business with the result that in nine cases out of ten, they make a miserable failure. A thorough business training in one of our four colleges would reserve the order of failure to where nine out of ten should make a success. A former student of ours who has made a great success, told us the other day that the money he paid for a scholarship in our school had produced larger returns for him

than the money he had ever spent. Since our four schools have the exclusive use of the Famous Byrne Simplified Shorthand and Practical Bookkeeping and no other business college is permitted to teach them, we can graduate a thoroughly trained stenographer, secretary, bookkeeper or accountant in half the time and at half the cost of other schools. Get our free catalogue, it will make clear to you how we can soon have you in a good position, or in business for yourself.

Mississippi Lady Tells How She Suffered Until She Had Taken Cardui on a Friend's Advice.

Greenville, Miss.—In describing how she suffered several years ago, Mrs. Mattie Dalton, of 112 Pecan Street, this city, recently wrote: "I would cramp, and my hands and feet would draw, so I came near having convulsions. I would have to stay in bed, sometimes a week, and when I would get up, I just dragged around, and did not feel like doing my work. I suffered a great deal with my back."

"A friend came to see me and saw how I suffered. She told me to try taking Cardui, which I did. I seemed to have more strength, after my first bottle. After I had taken about four bottles of Cardui, I saw a great improvement."

"I quit having such bad spells, and was stronger and better than in a long time. I gained in weight. I took a few more bottles of Cardui, and felt so well that I quit taking it."

"I certainly can recommend Cardui, for I know what it is to suffer, and I know that Cardui helped me."

Thousands of women have written to tell of the benefit Cardui has been to them, in helping them to build up their health.

Having helped so many others, Cardui should help you, too. NC-212

Eugene Wade, charged by indictment with the murder of his wife, Mrs. Ora Lee Wade, on Monday, September 30, 1929, will be tried in District Court beginning, December 16. A special venire of 75 men will furnish the jury in the case which has been set for that date. Wade was recently denied bond. At the time of the shooting Wade is said to have made an unsuccessful attempt to end his life when he slashed his throat with a razor. Mrs. Wade died shortly after reaching the hospital.

D. A. R. Entertained Here Thursday

Mrs. Jeff Kemp and Mrs. Bertha Brewer were joint hostesses to the members of the D. A. R. Thursday afternoon in the home of the former. The answer to roll call constituted the program for the afternoon. There were 12 members present, and the roll call was answered with names of women who were famous in colonial times. These were discussed by members. Among those named was Sarah McCalla, for whom the Cameron chapter is named. This meeting was designated in the

year book for a display of relics, and a number of interesting ones were brought.

The hostess served a salad course and hot tea. Favors were yellow chrysanthemums and Mrs. Kemp also gave each one present a souvenir of Constitution Hall, acquired on her trip during the summer to points north and east. Mrs. Thomas of Rogers was the only out of town member present.

A Scottish farmer, being elected to the school board, visited the village school and tested the intelligence of the clan by questions: 'Now boys can any of you tell me what nothing is?' After a moment's silence a small boy in the back seat rose.

'It's what you g'd me the other day for holding your horse.'

Scotchman, 'All those jokes about Scotchman make me sore.'

American, 'Aw, can't you take a little fun?'

Scotchman, 'Sure, but the jokes are at our expense.'

Tommy (at vaudeville show), 'Mother, why do them three actors sing together all the time?'

Mother, 'Sh, dear, none of them wants to take all the blame.'

'Most people admire my mouth. Do you?'

'Do I? I think it is immense.'

She, 'My brother takes up Spanish, Franch, Italian, German and Scotch.' He, 'Goodness, what does he study?' She, 'Study? He doesn't study, he runs an elevator.'

High Hat: 'I'm proud to say that my brother began at the foot and worked to the top.'

Brown Derby: 'You don't say. How did he do it?'

High Hat, 'Why, began as a boot-black and now he's a barber.'

Minister, 'As I gaze about, I see before me a great many bright and shining faces.' Just then eighty-seven powder puffs came out.

Dignifies Horse Racing

There is no reason why horse racing in itself should be regarded as a wicked sport. Whatever disrepute is attached to it is due to the fact that it has been made the plaything of the worst type of gamblers. There can hardly be found a higher class of men than the lovers and owners of fine horses who delight to develop and exhibit them on the race track. It is unfortunate that they have not long ago rid racing of the hangers-on whose only interest in horses is that of the gambler. Perhaps the real lovers of horses have not sufficiently realized the harm that was being done by the race-track gamblers, or the questionable practices would have been stopped long ago.

W. T. Waggoner of Fort Worth, is a Texan who loves horses and respects the law. He has spent about \$2,000,000 in acquiring as fine a string of horses as money can buy and in building what is perhaps the best race track in America at Arlington. He calls his place Arlington Downs. He has just put on as splendid a race event as has ever been staged anywhere in this country. Through loud-sounding megaphones and placard he had the announcement made that no gambling or drunkenness would be permitted, that the law must be respected, and it was done in such a way that the thousands of visitors at the races knew that Waggoner meant it. Special police were there with instructions to keep their eyes open and to arrest and remove from the grounds any violators of the law. The result is said to be that his wishes were respected to the letter.

Make Racing Respectable

In pointing the way to making horse racing a popular sport and unobjectionable even to the most critical churchman, W. T. Waggoner has done a truly great service. It now remains for the State to take a hand in such a way that lovers of fine horses may be assured that racing will be made as respectable a pastime as ball playing or other athletic sports. It can be done if the right machinery is only set up and Mr. Waggoner has shown that this will not be difficult.

Texas climate, Texas soil and Texas grasses are said to surpass even those of the famous blue grass region of Kentucky for raising, developing and training horses and with a little legislative assistance Texas can be made noted the world over for its horses. There are hundreds of horse lovers in Texas who have the money to bring this about if only they are assured that the State will do its part to assist them in safeguarding the race tracks from the baneful influence of gamblers and other law breakers.

Maybe you have guessed that the writer of this column is a farmer Kentuckian. Well, he is, and also a member of an orthodox church.

Texas Millionaires

Figuring on the basis of income taxes, Federal treasury actuaries find that Texas has 481 millionaires, and 13 super-millionaires. Those whose holdings and investments yield them \$50,000 a year are classed as millionaires, and those who have annual incomes ranging from \$500,000 to \$2,000,000 a year are placed in the list of super-millionaires. Not many country editors, columnists or 'dirt' farmers are ever caught in either class.

Leading Cotton Country

Ginnings made to date this year show that Nueces County, Texas leads the entire South in cotton production with 122,046 bales. Bolivar County, Miss., comes next with 113,492 bales. The ten counties leading in cotton have produced in excess of 70,000 bales each. Of these, seven are in Texas and three in Mississippi. Arkansas is a poor third with 57,554 bales grown in one county.

Llano Corn Yield

Llano county is in a section of Texas where the rain fall is usually light and it has been lighter than usual this year. Despite that fact, a Llano Country Club boy, working under the direction of the county farm agent, has grown 110 bushels of corn on two acres of land. The cultural methods used should interest all corn growers. The land, a deep sandy soil, was broken in the winter, and bedded and re-bedded in preparation for planting. One hundred and fifty pounds of 12-4-4 fertilizer were applied to each acre as the corn was planted. The crop was harvested while small and cultivated shallow three times.

The production expense was \$25.30. At \$1.00 a bushel for the corn, a net profit of \$84.70 was made on the two acres. Other corn in the same field and on the same kind of land with

identical cultivation but no fertilizer yielded only 27 bushels to the acre.

Fort Stockton Creamery

Would you believe it? Look it up on the map. A few years ago Fort Stockton was right in the middle of the leading longhorn cow country in Texas, and a Jersey cow was an unusual sight as an elephant. In two months there will be a model, modern creamery there, and the farmers are reported as being 'jubilant' about it. Not very far back a proposal to establish a creamery would have been answered with jeers. Now, \$125 Jersey cows are being shipped into the country.

Burnet Lead Mines

Burnet county is rich in many things. Its granite appears to be a source of inexhaustible wealth. Its cedar has made fortunes for a number of men. There is enough rock in the county, if quarried to employ an army of laborers for many years. There are rumors of discovery of silver and copper and other minerals in immense quantities. A lead mine has been successfully operated for several years and another is being uncovered

that is expected to yield still richer returns. The new lead mine plant is reported to be of sufficient capacity to produce 40 tons of ore a day and will give employment to day and night shifts of 40 men each.

Pecan Marketing Organization

A great need of the pecan industry in Texas is a workable marketing association. As the recent meeting of the West Texas Pecan Growers' Association plans were started for the early formation of such an organization. A meeting is to be held at Bend, San Saba county, December 10, at which ten of the leading pecan growing counties of Texas will have representation, looking to the creation of a cooperative marketing plan. The counties that will be represented are Brown, Tom Green, Kimble, Mason, Lampasas, Uvalde, Wharton, Gonzales, San Saba, Guadalupe and such others as may be sufficiently interested to send delegates to the meeting.

Menard Grows and Plans

Menard now has a complete water and sewage system and is paving about 30 blocks of city streets. Fu-

ture plans contemplate a high school building commensurate with the growth of the town and a court house to meet the present requirements. The town proudly puts forth the claim that it is the best lighted and best paved city of its size in Texas, and invites any who may doubt the statement to 'come and see.'

Texas Health Resorts

Texas has a number of health resorts, but whenever a Texan thinks of going anywhere for his health his first thought is of Mineral Wells. 'There is a reason.' Mineral Wells is the one place in Texas that has insisted in proclaiming its advantages year after year and has not quit just because a season or two may have been dull. The place that has something worth telling about should 'keep everlasting at it.'

CARD OF THANKS

We take this method of thanking our friends and the doctors for their kindness and assistance during the suffering and death of our wife and mother. May God add His blessings to our gratitude.

STARGAS

"THE COMPRESSED NATURAL GAS"

STARGAS Brings City Comforts and Conveniences to Rural and Suburban Home Owners

LONE STAR GAS COMPANY, one of America's largest natural gas companies, with 3500 miles of main pipe lines serving a million and a quarter people, has recently developed STARGAS, "The Compressed Natural Gas," to serve thousands not reached economically through pipe lines.

The public response was instantaneous. The installations of STARGAS equipment in suburban and rural homes have far exceeded our original expectations. One point that has counted heavily with all who have started using STARGAS is that continuous, dependable service is guaranteed to each STARGAS customer by a company having millions of dollars invested in the natural gas industry and more than 20 years of experience in natural gas service.

With STARGAS, all may enjoy the comforts and conveniences of natural gas. STARGAS may be piped to every room of the house—for many different purposes—from a single STARGAS House Installation. You can use the same time-tried gas appliances that are used with pipe line natural gas,

with minor adjustments. There's nothing available to suburban and rural home owners to compare with STARGAS. Present STARGAS users are enthusiastic and would not be without this modern fuel.

STARGAS is safe, as reflected by the approval of Underwriters Laboratories. STARGAS is reliable, being guaranteed by Lone Star Gas Company. STARGAS is economical for cooking, lighting, hot water, refrigeration and ironing (it is not recommended for heating). One cylinder of STARGAS lasts the average family about two months for cooking. STARGAS Equipment may be purchased on convenient terms.

STARGAS is Lone Star Gas Company's answer to the demand for natural gas in sections that cannot be reached economically by pipe lines. Every reader of this newspaper who is not served by pipe lines should investigate STARGAS. The local gas company in the town in which this newspaper is published will gladly give you full information on STARGAS. If you cannot call in person immediately, write or telephone for information. Be sure to investigate STARGAS.

Stapleton along with other employees of the company here meet once each week at which time these methods of safety and life saving are taught. The method used in saving the life of Mrs. Pierce has been effectively used in many cases where employees of the company have been saved as well as the lives of people who have been injured either by asphyxiation, electricity or from drowning.

Stapleton was born at Bay City, Texas but reared in Milam county. He came to Cameron from his home near Rockdale in 1926 and entered the service of the Texas Power & Light Company and is the oldest employee of the company here with the exception of John C. Young, manager.

Presentation of the medal was made Tuesday night by J. C. Rutland of the safety department of the company. Stapleton looks upon his act of saving the life of Mrs. Pierce with a degree of modesty and was quite overcome by the display in his honor at the banquet Tuesday night. His service with the company was applauded by the officials and he in turn expressed his appreciation for this consideration. The following letter to Mr. Stapleton from John W. Carpenter, president of the Texas Power and Light Company was read to the assembled guests:

Dallas, Texas, Nov. 16, 1929.
Mr. Floyd Stapleton,
Texas Power & Light Company,
Cameron, Texas,
Dear Mr. Stapleton:

"It gives me a great sense of gratification to know that you are being presented with the John W. Carpenter Medal for Resuscitation. I have read with much interest the account of your resuscitating Mrs. Berry Pierce on July 21, 1929. It is a wonderful thing to be able to save the life of another human being.

"It must be a source of pleasure to you to know that you have taken advantage of the opportunity to learn the Prone Pressure Method of Resuscitation and that, when the occasion presents itself, you will be ready to render this service.

"Please accept this medal as a token of our appreciation of the splendid manner in which you used your knowledge of resuscitation to bring Mrs. Pierce back to life after she had been drowned. Such men as you are a credit to our Company and to your friends."

Sincerely,
J. W. CARPENTER,
President.

M. Moore of the safety division of the company.

Mr. Young as toastmaster made a short talk outlining the policies of the company and introduced the speakers.

In his address to the guests Mr. Rutland spoke at length on the methods of safety employed by the company. Safety he said is a prerequisite to good service and the time has passed when careless workmen may hold places with the large industrial concerns. Each year he said 25,000 people in America are killed in accidents. His company through its president, John W. Carpenter, has inaugurated safety methods taught at meetings held at each branch under

the direction of the management. In these meetings employees learn methods of reviving people who have been drowned or come in contact with high voltage wires and the saving of the life of Mrs. Berry Pierce by Floyd Stapleton was offered as an example of how lives are saved. At the conclusion of his address he called Mr. Stapleton to the speakers table and there presented him the gold medal. Mr. Stapleton in a few well chosen words expressed his appreciation and was applauded by the people.

O. M. Smith, president of the Citizens National Bank made an interesting talk, complimenting the company on its policy of safety as taught to employees.

Mayor W. W. Chambers in his talk said that the Texas Power and Light Company is rendering a satisfactory and adequate service in supplying the city with lights and power. He told of the voluntary reduction of rates and said that the company has dealt fairly with the city government and the people and that as head of the government he took pleasure in commending its service and the rates charged. "The company is better able to serve us than private corporations," he said, "because it has means of production and distribution no locally owned company may have and in this way they are able to give lower rates and better service. I want to say right here that we are pleased with the service of the Texas Power and Light Company."

J. P. Love, pastor of the Episcopal church, made a short talk to introduce the Scout patrols and the Scout Masters. He said that 73 of the boys were present and assured the boys the cabin had been assured from funds secured in the recent appeal.

Among the guests were members of the city council, physicians and civic leaders. The meeting was an impressive gathering to emphasize the methods of safety employed by the company and the presentation of the medal to Floyd Stapleton climaxed the hour. He received the hearty congratulations of those present for having employed the methods of resuscitation to save the life of Mrs. Pierce.

Pleating Machine

(continued from page 1)

the material through it. The machine does all the work automatically.

Clore and Mowdy have the distinction of being the only cleaners in Milam county equipped with a pleating machine. In fact there is no other machine of this 1930 type in the State of Texas.

Demands have been insistent from the ladies of Cameron and Milam county for pleating service and desiring nothing but the best to match the already modern equipment of this plant Clore and Mowdy purchased the Maxant Master Machine thus insuring a pleating service second to none in the State of Texas. Heretofore work of this kind was necessarily sent out of the city. Now it can be done at home, thanks to the enterprising and progressive policies of Clore and Mowdy. Not only is it now possible for pleating service to be had at home but at a cost far below the charges made when sent away from the city.

Those who are not familiar with the demands for pleating work in connection with a cleaning plant such as this, will be surprised to know of the volume that annually is sent from the city. All of this service can now be obtained in Cameron. The capacity of this machine is practically unlimited and gives a pleating equipment that will meet the needs of Cameron

and Milam county for many years to come.

When taken into consideration in connection with the other modern equipment of this cleaning plant, this new machine completes in every detail a cleaning and pressing service such as few plants in Texas can offer. Clore and Mowdy are rendering a distinct service to the people of Cameron and Milam county in the installation of this machine and it means a step forward in the history of the industry in this section.

"We want the ladies to visit our plant and let us demonstrate this machine to them. Without an inspection of this machine, to see it in operation and let us explain the details of its service, one cannot really appreciate the service we are able to render. We will consider it a pleasure to demonstrate it and we invite the ladies to visit our plant."

FIFTEEN INDICTMENTS BY GRAND JURY

THIRTEEN FELONY CASES REPORTED AS JURY CLOSES WORK FOR TERM

Fifteen bills of indictment were returned by the grand jury for the November term of court when that body made a report to Judge John Watson. Thirteen of the cases are of the grade of felony and two are for misdemeanor offenses.

Eugene Wade, charged with the killing of his wife, Mrs. Ora Lee Wade, has been indicted for murder.

The following is the report of the grand jury:

The State of Texas,

Mrs. H. E. Bauknight

Buried In Rockdale

Mrs. H. E. Bauknight, a former resident of Cameron, died Tuesday morning at the home of her daughter, Mrs. Vaughn Paul, in Dallas. Mrs. Bauknight's home was in Ft. Worth but she was visiting her daughter at the time of her death.

Funeral notices announced the funeral services at Rockdale Thursday, November 21, from the Methodist church with interment in the I. O. O. F. Cemetery at Rockdale.

Mr. and Mrs. Bauknight moved away from Cameron some fifteen years ago. One of Mr. Bauknight's brothers, Jim Bauknight, died in Gal-

veston about a year ago and was buried in Cameron at Oak Hill Cemetery and Mr. H. E. Bauknight was here for the services.

The deceased is survived by her husband; one daughter, Mrs. Paul; and one grandson.

Jolene and Virginia Lindle Celebrate Their Birthdays

Jolene, age 7, and Virginia, age 9, children of Mr. and Mrs. J. A. Lindle, observed their birthday anniversaries last Saturday afternoon, inviting 38 of their friends to their home to play games and to cut their birthday cakes.

The cakes were iced in white and decorated with pink candles and held emblems for the guests to cut. Jolene and her friends cut her cake first and then Virginia invited her guests in the house for the customary ceremony. Individual souvenirs were sticks of candy dressed as dolls.

The little guests were served fruit salad and whipped cream along with the cake. Both honorees were recipients of many gifts.

Good News, Generally
Senator Nye in a Hurry
And Hear John D. R.
200 American Dialects

The Federal Reserve bank, realizing suddenly that this is a nation and not a pawn shop, reduced the rediscount rate from 6 to 5 per cent.

Perhaps it will influence professional money lenders to suspend for a while the orgy of usury.

New Jersey, first among the states has absolutely wiped out the gypsy moth.

Governor Larsen and the state agricultural department are to be congratulated on a fine achievement.

More money than Wall Street could lose in a dozen panics would be saved if science could eliminate agricultural pests, boll weevil, corn borer and the rest of the army.

Excellent news comes from Florida as to the success of that state in dealing with the Mediterranean fruit fly. It has been a costly battle, but worth the money and trouble.

Samuel Insull and other big employers, following the example of Julius Rosenwald, supply money to protect employees from losses in stock speculation.

Henry Ford wouldn't agree with that idea. Two years ago when this writer mentioned certain stocks in which there were bound to be heavy losses, Ford said: 'Of course. But that's the only way people can learn.'

Whether it is wise not to let nature take its course in gambling as in other things, is questionable.

Senator Nye of North Dakota wants Wall Street and 'all speculation sifted.' What's more, he wants a remedy ready by February 1.

That's a short time for so big a job.

The Malay, in his breech-clout, bets on cock fights.

The proud red Indian piles up his shirt and blanket, bets them on a pony race, standing in dignified nudity.

Two ways of getting something: one is to work, the other to gamble. Ninety per cent of human beings prefer the gambling way.

That will be changed a good deal later than February 1, 1930.

From Pocantico Hills, where John D. Rockefeller is enjoying life at the age of ninety, came a statement that to the distressed was like a drink of cool water in the middle of Sahara:

'My son and I have, for some days, been purchasing sound common stock. We are continuing and will continue, our purchases in substantial amounts at levels which we believe represents sound investment values.'

Mr. Rockefeller, who has given away \$750,000,000 to science, education and fighting disease, rarely makes any public utterance. His statement about the purchase of stocks by himself and his son is his first public statement on business since 1911. It will do more than anything else could have done to restore confidence.

Those purchases, of course, will probably enable Mr. Rockefeller to give away another hundred millions. Everybody knows that his purchases are based not on a desire for profits, but to restore confidence and prevent unnecessary loss to millions.

Doctor Greet teaches English to girls at Barnard College and proves, with the phonograph, that there are 200 American dialects between the two oceans, the Great Lakes and the Gulf.

At least, all Americans understand each other.

It is not so in France, where a peasant from Brittany cannot understand another from the Midi.

The number of American dialects reminds you of a beautiful poem about the soldiers each remembering a different name, but 'All Sang Annie Laurie.'

Americans may speak 200 dialects, but they all understand each other when they talk about the dollar which is a sort of national 'Annie Laurie.'

You will be glad to hear that the Federal Reserve board says the Wall Street earthquake is over, public fears calmed.

It may be permissible to remark therefore, while the earthquake is still fresh in many minds, that gambling is dangerous.

And it isn't necessary. There are other, better ways of making a living in the United States. In addition to which gambling is no way to make a living.

Two more great oil fields have been found, one in Texas, one in Kansas. And it is called 'a misfortune harmful to the price of oil stocks.'

It ought to mean general satisfaction, proving the limitless wealth of this country. Unfortunately, oil companies and government combined have not learned to protect oil resources and prevent criminal waste.

FIRST BAPTIST CHURCH BOARD RECOMMENDS NEW BUILDING

Saving Lives Part of Service of Power Company Here

FAVOR IMMEDIATE PLANS FOR PROJECT

WOULD SELL PROPERTY TO RELOCATE CHURCH—VALUABLE SITE OFFERED

At a meeting of the Board of Deacons of the First Baptist Church of Cameron last Tuesday the Board unanimously voted to recommend to the church that they enter into an immediate campaign for the erection of a new church building in Cameron.

This matter has been under consideration for some months by both the Deacons and the church members, but up to this time no official action has been taken by the Deacons or the Church and while we are not authorized to say that the church will accept the recommendations made by the board, yet we believe that on account of the large majority of the members who favor such a move, the church will accept the recommendation.

It is understood that the church may offer their present church lot for sale, with the idea in view of purchasing another location out further in the residence district. In case they decide to do this, real estate buyers will have an opportunity of bidding on one of the choicest business lots in Cameron, as it is located at the intersection of several important traffic highways and on the direct line of both of the railroad depots.

Special Train Will Carry Fans Friday To Brenham Game

A special train over the Santa Fe lines to carry football fans to Brenham will leave Cameron at 12:30 p. m., on Friday, November 22, it was announced here Wednesday.

Tickets for the round trip are sold at \$1.25 and may be obtained at the Auditorium Hotel. A canvas by committees showed that a large number of fans are interested and a big crowd is anticipated.

The Yoemen, under coach Perkins will leave earlier in the day for Brenham where they will have a light workout during the forenoon.

This game will close the season for the Yoemen who have not been defeated. If they defeat Brenham the district title will be won by the Cameron team.

Citizens here are asked to attend the game and give support to the team.

PLEATING MACHINE AT CLORE-MOWDY PLANT

\$1300 MAXANT MASTER MACHINE INSTALLED FOR MODERN CLEANING PLANT HERE

Clore and Mowdy announce the installation of a new Maxant Master Pleating Machine which is now in operation at their modern cleaning and pressing plant in Cameron.

This new Maxant Master Pleating Machine has been installed at a cost of more than \$1300 and is the only pleating machine to be found in Milam county and increases the facilities of this modern plant enabling Clore and Mowdy to render a service which heretofore has not been possible to obtain in this city or county.

The management invites the ladies of Cameron and Milam county to visit this modern plant and witness the demonstration they are conducting to acquaint them with the remarkable performance of this machine.

The Maxant Master Pleating machine is a regular factory pleating machine. It pleats 1065 different kinds of styles, including side pleats, box pleats, accordin, combination and many others in sizes from the very smallest to the largest used. This work is done quickly and perfectly.

Speaking of the work of this machine the management said: 'When a lady wants a special style of pleating it is only necessary for her to show us the pleat. We will then set the machine for the pleat desired and put

HE SAVED LIFE AND GETS CITATION AND CARPENTER GOLD MEDAL AT BANQUET

For saving the life of Mrs. Berry Pierce on July 21, 1929 by the prone pressure method of resuscitation, Floyd Stapleton, lineman for the Texas Power & Light Company, has been awarded the Carpenter gold medal. The medal was awarded to Stapleton at a banquet arranged in his honor at the Ada Henderson school on Tuesday night and held under the auspices of the Safety Department of the company service. More than a hundred and forty citizens including Boy Scouts were present to honor the lineman who saved the life of Mrs. Pierce.

On July 21, of this year Floyd Stapleton and another employe of the company were on the river. They arrived at the swimming beach where the body of Mrs. Berry had been placed after it had been rescued from the rapids below. No signs of life existed. Mr. Stapleton pushed his way through the excited crowd and took charge, placing the body in position to apply the resuscitation method which is effected by pressure on the body at breathing intervals. Within the space of half an hour Mrs. Pierce showed signs of reviving and with a continued application of the method she was brought back to life.

Attention of the accident and the saving of Mrs. Pierce was brought to the attention of John W. Carpenter, president of the Texas Power and Light Company, but the plans to award Stapleton the gold medal were not disclosed to him until this week. (continued on last page)

PRIZES ARE AWARDED IN POULTRY SHOW

WM. COBB PROMOTES SUCCESSFUL SHOW FOR COMMERCIAL CLUB HERE

The 1929 Milam County Poultry Show held here Friday and Saturday was a successful exhibit of better poultry.

The show was promoted by W. M. Cobb for the Cameron Commercial Club and the success of the show is due in a large measure to the efforts of Mr. Cobb who has been active in these exhibits for a number of years. The influence of these shows has been a big factor in producing better poultry in Milam county.

The following prizes were awarded to exhibitors at the show:

White Leghorns—First young pen, 3rd; young pen, 1st; cock, 2nd; cock, 2nd; cockerel, 3rd, R. E. Sharpe.

Christmas Seal Sale Work Progressing In Milam County

Preparatory work on the Tubercular Christmas Seal sale is progressing satisfactorily, according to Mrs. Albert Rettig, who is chairman of a committee working under the auspices of the County Council of the Parent-Teacher Associations. A meeting of the executive board was held last Friday afternoon at 2:30 o'clock at the County Court Room and it was decided to use the mail plan for the sale of seals. The sale will not begin until after the close of the Thanksgiving holidays but the compiling lists of prospective buyers and the preparation of letters are now occupying the time of the committee.

The drive will be conducted in the different schools over the county from December 9 to 20. It is planned to have a number of speakers in readiness for any emergency, and various announcements will be made at public gatherings.

The committee is particularly anxious to have a successful drive in view of the fact that if \$500 worth of seals are sold in the county, 60 per cent of the amount will be retained for county health work.

SINGING CONVENTION DRAWS LARGE NUMBER

HUNDREDS OF VOICES BLEND IN MELODY AS OLD SONGS ARE SUNG

The Salty Singing Convention meeting in Cameron Sunday at the Yoe High school auditorium had a very profitable and enjoyable session, according to Judge John Watson, who was responsible for its being held here.

Congregational singing under the leadership of the president, Clarence Jackson of Salty, Frank Jackson, W. Baggett of Tracy, Mr. Collier of Buckholts and E. C. Edds, and others occupied the morning hours.

The people of Cameron served dinner at noon on the south grounds at the school. A feature of this entertainment was the presentation of a beautifully browned opossum to Judge Jeff Kemp. The card attached to it revealed that it had been caught by Welcome Woods of Milano, cooked by Mrs. John Watson, and presented by Judge Watson.

In the afternoon there was more congregational singing and also class singing on the program. E. C. Edds and three children of Heidenheimer sang quartettes, Messrs. Curtis Hays and A. C. Freeman of Cameron duets, and the choir of the Presbyterian church also sang. The Salty and Forest Grove classes also presented several numbers. The W. W. Kyle family, consisting of the father and three sons and three daughters gave several selections.

There were approximately three or four hundred out of town people attending. The next meeting will be held on the third Sunday in February at Salty.

Judge Watson wishes to express his appreciation of the cooperation given him by the people of Cameron in making the convention a success. Especially is he grateful to Mr. Fisher and the school authorities for the use of the school building.

Hunters Bring Back Two Large Bucks

Two hunting parties returning from the country near Kerrville to Cameron this week brought back two large bucks as a result of their stay in the mountain country.

The parties were composed of the following: W. B. Denson, Cecil Wilson and E. O. Schiller, making up one party and Dutch Walzel, A. J. Walzel and Eugene Green making up the other party.

W. B. Denson was the successful one in his party while Dutch Walzel got the buck for his party. All have returned reporting a splendid outing in the hills.

Mrs. Wilson Gunn, president of the Milam county W. M. U., left Sunday night for Beaumont to attend the women's meeting held in connection with the Baptist State Convention.

DEDICATION ST. MICHAEL CHURCH AT BURLINGTON

TUESDAY, NOVEMBER 26 DATE SET FOR CEREMONIES BY BISHOP BYRNE

Dedication of the new St. Michael church in Burlington will be held Tuesday, November 26 at 10 a. m., with Rt. Rev. C. E. Byrne, Bishop of Galveston officiating.

Rev. J. T. Moriarty, pastor of the church was in Cameron Wednesday and announced that the date for the dedication had been set with Bishop Byrne of Galveston officiating. The people of this section are invited to attend. The dedication will be witnessed by a number of prominent Catholic church leaders from over the state. The new building is of Spanish architecture and one of the finest church buildings in this section of Texas.

Following the dedication a dinner will be served by the ladies of the Parish. The members of the Parish are to be congratulated on this progressive program. At the time of the laying of the corner stone on July 7, 1929 the following historical sketch together with other documents were placed in the stone:

In 1875 some Catholic settlers from Michigan, Vermont, Wisconsin and Massachusetts came to this place formerly called Waterford. Among them were John Jones, John Nolan, Timothy Gleason, Timothy J. O'Neill, John Dillon, John M. Powers and John F. O'Shea. In March 1879 Holy Mass was celebrated here for the first time by Rev. Father Bouspoint of Waco. Father Victor of Bryan ministered to the spiritual needs of the little flock from the Fall of 1879 to the Spring of 1881. Lucy Gleason, daughter of Timothy Gleason and Catherine Campbell, were the first children to be baptised here November 4, 1880.

According to the records John Dillon and Ellen Gleason were the first couple to be married here. Father John Louth C. S. C. officiating. In the Summer of 1885 the eight Catholic families banded together to build a house, however humble, to their God. On September 29, 1885 the Feast of St. Michael the Archangel, the little church was dedicated and Mass celebrated within its walls by Rev. Francis C. S. C. of Bellville. On May 17, 1889, the Rt. Rev. N. A. Gallagher D. D., Bishop of Galveston, administered the Sacrament of Confirmation to thirteen boys and twelve girls. In 1891 a school was built by Father Wertz. Bishop Gallagher appointed the Rev. Peter Bienemann pastor of St. Michael's Parish April 24, 1895.

In December of the following year Father Bienemann completed a new church and three years later built a new school and residence for the Sisters of Divine Providence who came from San Antonio to teach. In July nineteen twenty a new convent for the Sisters was built under Father J. J. O'Reilly's direction. The Dominican Sisters from the Sacred Heart Convent, Galveston, took charge of the school in the Fall of 1921.

Early in the present year, which is the Fiftieth Anniversary of the celebration of the first Mass in Burlington, it was decided that a new church was needed. The parishoners, under the leadership of Rev. J. T. Moriarty had the plans of this church drawn by Maurice J. Sullivan, architect, Houston, Texas, and approved by Rt. Rev. Bishop Byrne. William Smith of Waco was awarded the contract and W. E. Williams being foreman, the ground was broken on April 16, 1929.

Levy's Selling Out Sale Is Attractive

The selling out sale at Levy's continues to attract seekers of dry goods bargains. In this issue of The Herald will be found a large display advertisement from this store announcing a continuation of this sale and new low prices on the goods in this store.

Mr. Levy is selling out his business in Cameron and there have been few times when offerings are so low as during the close out of merchandise.

CARPENTER MEDAL IS AWARDED AT BANQUET

FLOYD STAPLETON HONORED AS LEADERS LAUD SERVICE OF T. P. & L. CO.

Methods of safety employed by the Texas Power and Light Company for the protection of their employes and to safeguard the lives of others were urged as a necessary part of industrial life at a banquet held here on Tuesday night at the Ada Henderson school building at which time the Carpenter gold medal was awarded to Floyd Stapleton, lineman for the company who saved the life of Mrs. Berry Pierce on July 21 of this year after she had been rescued from Little River.

Prone pressure methods of resuscitation and other methods taught at weekly meetings of employes of every branch of the company were emphasized in an illustrated lecture while more than a hundred citizens were entertained.

John C. Young, manager of the local branch in cooperation with the safety division of the company represented by J. C. Rutland and R. M. Moore of Dallas, arranged the banquet which was attended by more than 130 people including the Boy Scouts who were invited especially for the lecture on safety methods.

The banquet was served by Mrs. Mohler and the Home Economics class of the school. Music for the occasion was furnished by the Bay Scout orchestra led by Joe Matula. An illustrated lecture was delivered by R.

Furniture Sale Offers Bargains At Cameron Furniture Company

A bargain event of unusual interest is the fall furniture sale at the Cameron Furniture Company which opens Saturday morning November 23 at nine o'clock. This is the annual sale of this big furniture house and the lower prices this year makes the sale the greatest in the history of the store.

In this issue of The Herald will be found a page advertisement listing some of the low prices to prevail on this wonderful line of furniture during the fall sale. Special opening day bargains are offered and those who wish to take advantage of the offerings should be at the store early in order to take advantage of them.

Circulars have been mailed to the trade territory and the sale will be one of the most widely patronized furniture selling events in the history of the city.

The big store is filled to capacity with new furniture and the bargains obtained on all lines with specially priced bargains on choice pieces and sets. It will be of interest to you to read the bargains offered.

R. F. Pool Of Sherman Is Visiting In City

R. F. Pool, Sherman manufacturer and wife are in Cameron for several days. They came here to be with Mrs. John A. Smith, sister of Mrs. Pool who is in the Cameron Hospital.

Mr. and Mrs. Pool were former residents here. Mr. Pool is now engaged in the manufacture of clothing at Sherman and his plant commands trade in several states. He has been a reader of the Cameron Herald for 48 years and while in the city was a caller at the office of The Herald to renew for another year. Mr. Pool was formerly engaged in business here and drilled the first oil well in Milam county 25 years ago at Baileyville.

Mr. Pool has many personal friends in this section of the state who are always glad to welcome him to the old home town.

Miss Eula Nagle of the Yoe high faculty has as her guests this week her mother, Mrs. Ann J. Nagle, and her sister, Miss Elizabeth Nagle, of Austin.

AUTO REGISTRATION DRASTICALLY REDUCED

REGISTRATION FEE CUT HALF
LOSS SUSTAINED MADE UP
BY GAS TAX

Texas automobile owners will have \$11,000,000 pocket change left over in January when they register their cars for the new year, as compared with the costs this year.

The 4-cent gasoline tax will gradually absorb much of this having been raised from 2 cents this mid-year, but this will be taken so gradually that it will be painless.

License fees for 1930 will range from one half to two-thirds this year's cost. Light cars will run just half with a sliding scale based wholly on weight, ranging up to two-thirds the old fees on the heaviest passenger cars.

The reduction will average \$10 each on the 1,100,000 cars to be registered.

Registration cannot start until January first, the attorney general's department has ruled and must be issued before midnight of February 1.

Present combined weight and horsepower basis for fixing the license fees has been abolished and weight alone will govern the fees in 1930. A scale of weights and tax costs has been prepared, by which the owner of a car may figure out for himself what his new number plates will cost him. Weight of his car can be ascertained from his present registration slip. To this 100 pounds for water, gasoline and oil will be added. Following is the table of charges on the various weight brackets:

Weight	Cents per 100 lbs.
Up to 2000	28
2001 to 3500	35
3501 to 4500	48
4501 up	50

Comparisons on this year and next year's registration costs on representative models are given below:

Car Model	Present	1930
Ford, T	\$11.20	\$5.04
Ford, A, sedan	17.20	9.36
Ford, A, coupe	16.20	8.64
Chevrolet 6, coach	16.50	9.00
Whippet 4, sedan	16.00	8.64
Whippet, touring	17.03	9.36
Whippet 6, sedan	17.03	9.36
Plymouth, touring	16.00	8.64
Plymouth, sedan	17.00	9.00
Chrysler 65, sedan	19.53	10.80
Chrysler 80, sedan	30.88	21.12
Dodge 6, sedan	19.22	10.44
Studebaker 6, sedan	21.72	12.24
Studebaker 8, sedan	32.02	20.16
Buick, light sedan	27.70	18.24
Buick, heavy sedan	32.35	21.12
Cadillac, sedan	40.67	23.50
Packard, sedan	40.67	23.50
Packard, heavy sedan	48.82	28.00

These cars are closely comparable in weight with other makes in the various ranges, so that they give a close indication of the costs for registering each car in January.

PAINFUL INDIGESTION

Lady Says She Obtained Relief By Taking Small Doses of Thedford's Black-Draught.

Ardmore, Okla.—"I have recommended Black-Draught to a great many people, and they always thank me, afterwards," says Mrs. Czarina Duke, 116 "B" Street, this city.

"Fifteen years ago, I was in very bad health. I suffered a great deal with indigestion, and I traveled from one place to another in search of health, but nothing helped me. I lost in weight, and my food disagreed with me, and I could scarcely eat a bite that did not give me indigestion. "Often I had bad gas pains across my stomach, and I would wake up in the mornings with very bad headaches. I had a bad taste in my mouth, and would feel dizzy when I was on my feet.

"I began taking Black-Draught and soon found that I was getting better. I took a dose about the size of a pea, four or five times a day, for three or four days.

"After I had taken several courses of Black-Draught, in that way, I felt fine. I no longer had indigestion. I could eat what I liked, and enjoyed my meals. I gained in weight, and felt able to care for my children and do my housework."

In use nearly a hundred years.

accounting service of Finch and Company, Oklahoma City, enrolled from Morrilton, Arkansas. Even after years of experience and somewhat of a reputation of his own, he finds, when soliciting clients, that "I'm a Tyler graduate," are magic words. He writes:

"When I first started out in the business world, I soon learned to tell my prospective employer that I was a graduate of Tyler Commercial College. That information always proved a great advantage to me. And even now I find that the old Tyler connection still has its charm. Everywhere business executives recognize the value of Tyler training.

"I took bookkeeping-accounting and stenography at Tyler, specializing on the (Bookkeeping-Accounting Course and, with the exception of the first six months after leaving T. C. C., spent in a stenographic position, I have followed accounting continuously since. I have always had a good position—in fact, I have not been off the payroll a day since I took my first position a few days after graduating excepting the time when I was organizing my own accounting business.

"My business has naturally increased year by year, and today I have as clients a number of important business organizations. My present earnings run into many thousand dollars a year.

"I attribute my success entirely to the Tyler Commercial College, as I have never taken any course of study on accounting from any other institution. The Accounting Course at Tyler gave me the foundation principles of accounting that have not only enabled me to fill accounting positions satisfactorily and to successfully establish and develop my accounting service, but qualified me to edit our accounting manual, 'The Bookkeeper's Master Key.' It has been my privilege, and your training is responsible for these progressive ideas, to make great strides toward modernizing and universalizing accounting systems in the business institutions of Oklahoma and the Southwest.

"No young man or young woman who is ambitious to earn the better salaries of business should not overlook the tremendous advantages of a training at T. C. C. The thoroughness of the instruction under any circumstances would give a young person a correct equipment. But the association of the name Tyler is a recommendation for employment that cannot be overlooked."

Use the difference in price to make the first payment

You have heard that Frigidaire prices are lower. But do you realize how much lower they really are? In many cases you'll find the difference amazing. When you buy Frigidaire instead of another make the difference in price may be more than the first cash payment.

Visit our display room and see the new Frigidaires. Notice the amount of food-storage space — the seamless Porcelain-on-steel lining — the rounded corners.

Note its quiet operation. You don't hear it start, stop, or run. Examine the self-sealing freezing trays. See the many features that save time, work and trouble. Come in today.

MEANING OF MY NAME

My name, Myrtle, comes from the word myrtle which is a fragrant evergreen shrub. This shrub is small with glossy evergreen leaves and white or pale flowers. My surname, Adams, originated from the Hebrew Adham, signifying man, literally, earthly. The name in Ethiopia means 'to be fair.' The name Adam occurs in the Bible as the name of the first man.

—Myrtle Adams.

Patricia is of nobility or of noble birth, and it originated with the Romans. McGregor is a Scotch name. One of the very first families of Scotland was named McGregor. In England, Rob Roy McGregor, was a very prominent man. I know of few great people with my first name, and I hardly ever see it in books or stories.

—Patsy McGregor.

My name, Carroll, was taken from the Christmas songs, carols, which mean joy and singing. Members of our family have been named this name for a long time.

My surname, Green, was taken from Captain Greene in the English army. We have dropped the last 'e' in Greene.

—Carroll Green.

Giles Croxton Avriett is my name. My first name means Kid. French names are Giles and Croxton, Avriett is a Dutch name; it came from my great-grandfather who was from Holland.

My father and grandfather are named Giles too. The other famous person with my name was a bishop in the Catholic church. A book in which my name appears is Robin Hood. In this story Giles is an archer at tournament.

—Giles Avriett.

My first name is Roy. It was taken from the word royal, meaning of noble birth. It is a Scotch name. I can't find any meaning of Baskin, or how it originated, but it, also, is a Scotch name.

I was named for my Dad. The Interscholastic League Spelling List is written each year by Roy Bedichek. Sir Walter Scott's Rob Roy, has the character Roy in it. In the book, Silent Scott, there are twins, Rob and Roy.

Roy —Baskin, Jr.

May comes from the goddess, Maia, the beautiful daughter of Atlas, god of the world. If you look into the sky, you can see a cluster of six stars. This is Maia and her sisters. Griffith is an old Irish name.

I was named for my mother and grandmother. Louisa Mae Alcott has my name. My name also appears in many stories.

—May Griffith.

Pope, means the head of the Catholic church. Clayton is made up of two words; Clay and ton. I suppose in olden times a man by the name of Clay hauled tons of dirt and finally the name was put together, and Clayton became his name. My surname is Sapp, and that doesn't suit me at all, believe it or not.

—Clayton Sapp.

My first name, William, means a protector. Slaughter, my surname, means to kill. Thus, I suppose, William Slaughter means, I kill to protect others.

William the Conqueror was a great man. William Shakespeare was the world's greatest poet. William Harper was the first president of the University of Chicago. William Henry Harrison was the ninth president of the United States. I could mention many more famous men named William. I wonder if I shall ever be a famous William.

—William Slaughter.

Charles or Charlie is my name; it means manly or noble spirited. Charles is taken from the Teutonic race. The Danish people say Karel; the French, Charles; the Germans, Karl; the Italian, Carlo; the Latins, Carolus; the Spanish, Carlos; and the Swiss, Karl. So you see my name is a very distinguished name. I have read of many famous people having my name. Some of them are: Charles Emory Smith, an American journalist; Charles Lindbergh, an aviator; Charles, King of England and Charles the bold, Duke of Burgundy.

My surname is Smith. Years ago people in the old world went by one name. For instance there was a man that was a blacksmith. He was called Charles the Smith. Later it became Charles Smith, leaving out the. Some prominent men made famous with this name are: Captain John Smith; Alfred E. Smith, Francis Smith, a famous American artist; and Alexander Smith, a great chemist of Scotland.

—Charlie Smith.

My first name, Regina, comes from a Latin word meaning Queen. Long years ago people had only one name. There was a man whose name was Mose of Ely, and when people began to have two names he changed it to Moseley.

Regina is a peculiar name I think and I have known only few people with this name. I have seen this name occur in one story, The Girl from the Country. Regina is also the

capital of Saskatchewan, Canada.

—Regina Moseley.

Helen is my name. This word comes from the Greek word Helene, signifying a lamp; therefore Helen means brightness. Swift is my surname. Don't you think that is a queer name? Swift, means rapid, it has been traced back to the Indians, for you know they were very swift in action.

My mother and father liked the name Helen very much, so that is why I have that name. Among the famous people by the name of Helen are: Helen of Troy, the daughter of Jupiter and Leda; Princess Helen, the mother of Michael, the youngest king in the world; Helen Davis, a great singer; and Helen Wills, the undisputed amateur tennis champion. The famous people that have the name of Swift are: Jonathan Swift, an English prose humorist and the author of A Tale of a Tub, and Battle of the Books.

—Helen Swift.

My first name is Ernest and as told in a dictionary of names, means, always in earnest, but mother said she didn't believe that was a good dictionary. Anyway I'm going to tell people it's right whether it is or not. Alonzo, my middle name, comes from both of my grandfathers and my uncle. My last name or surname is Sharpe and as best as I can figure out it must have come from some jester of an English court, because in the Middle Ages a person had one name and he was identified by some characteristic or by his occupation; so the jester could have been called Ernest the sharp, meaning Ernest the witty. Now I don't want you to get the wrong idea about a jester for it might get me in trouble with my kinfolk. A jester had to be a very smart and witty man. He had to know when to say something to amuse the king and yet not offend him. The king's fool is the one we often talk about as a jester because he was a dumb know-nothing that couldn't help being funny and silly.

I was given the name Ernest after my father and Alonzo, and have been told after my grandfathers. Ernest doesn't seem to be very common for I can't remember seeing it anywhere but Alonzo appears in the history book. One of the officers of the Santa Marie, flagship of Columbus, was

named Alonzo. In the World Book there couldn't be found any great man with Sharpe as his name but that isn't any sign there won't be.

—Ernest Sharpe.

The '67 Go-Getters,' Seventh Grade Club met in the auditorium Friday morning November 9. The meeting was called to order by our president, Ernest Sharpe. Minutes of the last meeting were read and a very interesting program was enjoyed by all.

Mr. and Mrs. Lee gave a musical number, then Mr. Lee told us stories with his violin. This number was a 'great hit.'

Miss Sallie Coleman in a charming manner read for us.

Mr. Graham Gillis gave a very helpful and interesting talk on 'Mechanics of Speaking.' This talk will be helpful to us because we are trying to learn how to speak correctly and interestingly. Mr. Fisher was to give us a talk but we are sorry that he could not meet with us.

Time was up and we did not get to attend to business during this meeting. In the next meeting we have several items of business to attend to.

Value far Above Expectations

Checking accounts promise convenience. That's why most people start them.

But the first month proves that so many other advantages go along with the convenience, that depositors here admit they are getting far more than they expected. Safety, a permanent record of expenditures, a curb on reckless spending—these are just some of the important features.

Aren't you satisfied you would benefit from an account here?

Let the ECONOMY TWINNS

Bring New Hours to You

HOW often have you said, "If I only had someone to help me I could be through with my work in time to—?" Yes, in time to enjoy a whole world full of new diversions. Time would be yours for study and self-improvement, for profitable occupation, for devotion to your children and their needs, for bridge, golf—or for doing any one of hundreds of other delightful things.

Electricity creates the New Hours for these things. There is an electric appliance for practically every household task of today. If, alone, you can do your work in six hours per day, with the help of electric appliances you should be able to do it in three hours. There are three perfectly New Hours for you each day.

Then, too, there is the ease of doing things electrically. In three hours you can not only do all the work which once took six hours, but you can do it so much easier. So that when you are through with your work you will feel fresh and ready to fully enjoy the three New Hours which will be yours to do with as you will.

These New Hours are already made for you. They are right in the walls of your home. All you need to secure them is a few properly placed Service Outlets and the electric appliances which will most efficiently and economically do your work and conserve your strength.

The Texas Power & Light Company completely understands the use of electricity in the home. We will be glad to advise with you as to the placement of Service Outlets in your home, and also as to the most useful appliances for your particular needs. Then you can begin at once to enjoy the fullest use of electric service, for our terms are such that you use your appliances as you pay for them, conveniently, each month. Let the Service Outlet start bringing New Hours to you at once.

PIONEER MERCHANT SOLD MERCHANDISE IN ADVANCE OF RAILROAD; LETTER TELLS OF CONDITIONS AT LEXINGTON IN 1871

Mrs. James Childers, principal of the Grammar School, has in her possession an interesting letter written by her great-grandfather, R. M. Dickson, from Lexington, Texas, and dated January 19, 1871. It is addressed to the brother of the writer, M. A. Dickson at Alexandria, Ala.

The R. M. Dickson store at Lexington was built by the writer of the letter in 1860. It still goes by the first owner's name, and is now managed by his descendants. The letter is written on a folder of ruled stationery having a raised design of a four-masted schooner in the upper left hand corner. The writing is a fine Spencerian script done in black ink.

There are many bits of information in the letter that are both amusing and interesting for us reading it half a century later. He writes that a certain John G. Green had recently moved to Waco and was engaged in keeping a livery stable, and Mrs. Childers informs us that this livery stable was on the site of the present Sanger Brothers store. Again he writes as follows: 'I am still going on slowly but sure in selling goods. I still adhere strictly to the all cash system, not even 5 cents credit. My sales are very dull now on account of cotton being a very low

price and the holders are not disposed to sell at present prices. Those who sold their goods on credit cannot collect any money scarcely. My sales average \$600 per month and did so all last year.'

There is also an interesting account of railroad building. 'I am still anxiously looking for you out here,' the writer continues: 'I suppose you will come about the first of April. The cars will be running by that time to Ledbetter about 20 miles of this place, and then the next station will be finished about June. (This was presumably the present town of Giddings). It will be about 14 or 15 miles from this place and will be a good place for business. It will be the best depot on that road from Brenham to Austin. A large portion of this county will trade there and all of Bastrop; it will be about 15 miles from Bastrop. Waco is now a big city, property gone away up to high figures. There will be another road built that will run in 17 or 18 miles north of this place from Fulton on the Red River to Austin. It will cross the Central road about 20 miles from Bryan, 50 miles from here, and cross the Brazos at old Nashville. It will be a good road to do business on. It passes through a splendid country.

MISS ESTELLE STEELE BECOMES BRIDE OF MR. IVY ANGELL WITH CEREMONY AT WALKER'S CREEK CHURCH THURSDAY

The Baptist church at Walker's Creek was the scene of a pretty wedding last Thursday evening, when Miss Estelle Steele, daughter of Mr. and Mrs. J. L. Steele of Walker's Creek, became the bride of Mr. Ivy Angell, with Rev. J. Kelly Simmons of Baylor University, pastor of Walker's Creek, the celebrant.

An altar was improvised of ferns and chrysanthemums in red, white and yellow, forming a mass of autumnal tints. With Mrs. J. Kelly Simmons at the piano, Miss Mary Lou McCall of Cameron sang the nuptial solo, 'I Love You Truly.' Mrs. Kelly also played the processional and recessional.

The bride, beautiful in a gown of white crepe with accessories of white entered with her sister, Miss Frances Steele who was maid of honor. The

bridal bouquet was of red and white rose buds and fern. Little Sue Delahunty was flower girl and bridesmaids were Misses Ethel Hickman and Cora Mae Link. They wore blue frocks and carried bouquets of red chrysanthemums.

The groom was attended by George Angell as best man. Ushers were Rev. Odell Jamison of Waco and Ozelle Angell.

Following the ceremony a wedding supper was served at the home of the bride's parents.

Mrs. Angell was a student at Yoe high school at the time of her marriage, and would have graduated with the June class. Mr. Angell, the son of Mr. and Mrs. Dave Angell, is a farmer of the Walker's Creek community.

were a daintily dressed boudoir doll and an ash tray.

Guests bidden were Mr. and Mrs. L. Housman of Brenham, Mr. and Mrs. Ben Winfield, Mr. and Mrs. Fahrendorf, Mr. and Mrs. Charlie Frank Green, Miss Rose Rischard, Mrs. Dan Legacy of Coeur d'Alene, Idaho, Dr. Edward Rischard, Dr. Elbra Monroe and Mr. J. C. Joseph.

Mr. and Mrs. Kestenbaum were hosts for guests Sunday when Mrs. Ben Winfield entertained with a twelve o'clock dinner. Orchid and white chrysanthemums were used effectively for table decorations and a turkey menu was served the following guests: Mr. and Mrs. S. Kestenbaum, Mr. and Mrs. John Kestenbaum and son, Lewis of Rockdale, Mr. and Mrs. Joe Sod of Temple, J. C. Joseph and Adolph Winfield.

PARENT TEACHERS HEAR MRS. MARTIN

STUDY CIRCLES ARE DISCUSSED AT MEETING HELD HERE ON THURSDAY

Mrs. J. C. Martin addressed members of the Cameron Parent-Teacher Association in regular session last Thursday afternoon at the Yoe high library, using as a topic 'Study Circles.'

In her introductory remarks, Mrs. Martin said that parents need to realize that they must seek preparation and education for the task at hand in order to be stepping stones rather

than stumbling blocks for the future generation.

One way to acquire necessary knowledge for the rearing of children is through study circles in connection with the work of the P. T. A. These are not to be confused with correspondence courses; the latter serve to make better P. T. A. workers, while the former make better parents.

Study circles may be organized in various ways. A customary method is for parents of children of the same age or of the same grade in school to form a group. The place of meeting may be adapted to the convenience of the members. A study circle may have the same leader each meeting and different members may prepare short papers on assigned subjects, there may be a different leader each time. Round-tables are often very practical and helpful, and short, spicy debates add variety to programs.

It is hoped that a number of study circles may be formed among the parents of Cameron so that they may study child nature and its needs. Mrs. Graham Gillis is study circle chairman and she wishes interviews with those who are interested.

Mrs. H. E. Garner presided over the meeting last Thursday which was opened with a prayer by Rev. Hardigree of the Christian church. Mr. Curtis Hayes, who led the singing in the recent revival conducted by Rev. Hardigree, led those present in group songs, and then rendered a solo 'Sometime, Somewhere.' In commemoration of Armistice Day, Mary Frances White read, 'In Flanders Fields' and 'An Answer.'

Routine matters of business consisted of the treasurer's report and the reading and adopting of the Constitution and By-Laws. Mrs. K. K. Robbins thanked the Association for the life membership in the Parent-Teacher organization which was presented her by the County Council.

Mrs. Henry Hefley was named as a delegate to the Parent-Teacher conference in session this week at Waco and Mrs. Arthur Lee was designated to go as the president's alternate. Mrs. Ben Atkinson is representing the County Council.

The following members have completed the correspondence course and were entitled to a diploma, the awards having been made at a banquet Monday evening given at Karen Temple in Waco in honor of Mrs. S. M. N. Marrs, a Texan, who is national president: Mesdames Henry Hefley, E. E. Garner, K. K. Robbins, Eloris Criswell and W. R. Newton. Others are busy working on the course and will be entitled to diplomas when they have finished it.

RED CROSS ROLL CALL LAUNCHED IN COUNTY

ROYAL P. JETER, CHAIRMAN REPORTS LIBERAL RESPONSE TO ANNUAL APPEAL

Royal P. Jeter, chairman of the Red Cross Roll Call drive, reports that the people of the county are responding encouragingly to the appeal made for subscriptions. Committees visited the rural communities of the county Monday distributing supplies, and they brought back with them reports of a cooperative spirit everywhere.

The work of soliciting in Cameron was launched Monday afternoon with a meeting of the zone chairmen, called by Mr. Jeter at three o'clock at the County court room. These chairmen have been drafted for immediate work and will make a house to house canvass of the residence and business districts. The customary buttons will be given as receipts for enrollment.

The chairman is highly pleased with the cooperation he is receiving in the Roll Call, and, while there are a great many helping whose names he has not received, he is particularly appreciative of the prompt and willing assistance given him by the following:

Mrs. R. H. Johnson, Mrs. Raymond Beard, Mrs. M. N. Killian, Mrs. Larry Hackabeil, Mrs. Frank Hanel, Mrs. F. C. Fahrendorf, Mrs. Oxsheer Smith, Miss Edna Smith, Mrs. J. P. Love, Mrs. W. O. Triggs, Mrs. Katie Robbins, Mrs. Jas. D. Baskin, Roy Baskin, Jack Freeman, T. F. Hardy, P. J. Beckerman, Rev. E. S. Hutcherson, Rev. J. P. Love, J. B. White, J. C. Mayfield, W. G. Gillis, Stanton Dossett, W. O. Triggs, B. J. Matocha, Leo Laake, Oxsheer Smith, Chas. C. Smith, M. Janeway, Hubert Hefley, Walter Sharpe, Roy Law, Drayton McLane, F. A. Marek, Dr. J. L. Denson, Judd Davis and J. C. Tucker of Cameron and Chas. Saller and W. B. Elliott of Thordale.

The appeal of the Red Cross is universal and it's worthiness is attested by the promptness with which our people respond.

Mrs. Ben Baskin Is Hostess At Bridge

Amid an autumn setting of multi-colored leaves, red berries, and laven-

dar and yellow chrysanthemums, Mrs. Ben J. Baskin entertained the Triple Four Bridge Club at her home Tuesday afternoon. Mrs. P. W. Davis scored highest in the games and was awarded a bed lamp, and Mrs. Conn Moody received linen handkerchiefs as consolation for low score.

Following the games the hostess served a salad course and coffee from trays that were centered with vases of lavender chrysanthemums.

Guests other than club members were Mesdames Conn Moody, S. Kestenbaum, Graham Gillis, Bassett Watson, Eugene Green, George Kay, W. B. Levy, Dutch Baskin, Mack Fox, J. M. Bowman, John Rosson, Gordon Baskin, Roy Griffith, and Buck Bonds and Miss Rosalee Baskin.

Christmas Seals

For the first time since the now-famous Tuberculosis Christmas Seals have been sold, the sale is being handled in Milam County through a well organized county-wide campaign and in a manner that presages a full measure of success.

The County Council of Parent-Teacher Associations has the campaign in charge with Mrs. Albert Rettig, of Cameron Route 3, as chairman and with Mrs. J. P. Love of Cameron, as directing genius, and with a county organization thoroughly aroused to the importance of the work. The precinct chairmen have been selected carefully and are all interested and the campaign of this season will probably be the opening wedge that may ultimately result in the securing of Milam county of a regularly-employed County Health nurse, the need of which is well understood.

A meeting of the Christmas Seal Campaign Executive Committee was held last Friday in the office of Mrs. Kathryn K. Robbins, County Superintendent, at the courthouse. At meeting the campaign was carefully planned along lines considerably at variance with the plan heretofore used in this county.

Briefly stated, this plan calls for the sale of the Christmas Seals by mail. Each Precinct chairman will supply the headquarters office in Cameron with a list of names of interested persons in the several communities who should, and probably will use the Seals freely.

To these prospective purchasers a supply of the Seals will be mailed accompanied by a brief explanatory letter, soliciting the co-operation of the recipient. Records will be kept of all such mailings, and the Precinct Chairman will follow up with personal solicitations. In this manner it is hoped to place many more of the Seals than has ever before been done.

At this advance date the Executive Committee cordially asks all persons so addressed for their hearty co-operation in the interest of one of the most important humanitarian campaigns that has ever attracted the attention of this broad land.

A few points of explanation:

The Tuberculosis Christmas Seals are attractive little stickers, about the size of a postage stamp. They sell for a penny a piece. One dollar buys one hundred seals. The seals are to be used on the reverse side of letters and packages sent through the mails.

They thus serve a two-fold purpose: To advertise the work of the Texas Public Health Association, and to raise money for the furtherance of that work. Merchants and business men are expected to stick one of these seals on the back of every letter and statement mailed out between December 2 and December 25. People of all stations are asked to place one of these seals on the back of every envelope in which they mail a Christmas card. Attention is called to the fact however, that the seals MUST NOT be placed on the front or address side of envelopes. Uncle Sam is co-operating in the matter by permitting their use on all mail matter, but requires that they DO NOT be placed on the address side. Use them on the BACKS of the envelopes.

Good Cheer Club With Mrs. Burke

Mrs. Ray Burke was hostess to members of the Good Cheer Club Friday afternoon at her home on East Twenty-Third Street. A color scheme of orchid and yellow was used in floral decorations and table accessories.

Following the games, the hostess served salad and tea from the tables covered with yellow luncheon cloths. Mrs. W. M. Ryan was the only guest other than members.

Members of the Methodist Missionary Society met in circles Monday afternoon at 3:30 o'clock for a voice lesson. Circles one and four met with Mrs. Henry Davis, with 13 members present. Mrs. Davis led the program which was followed by a short business session. Circle two met with Mrs. C. E. Gaston. There were 10 members present and two visitors, Mrs. George Gott of Temple and Mrs. C. A. Lemberg, wife of the late Methodist pastor. Mrs. H. E. Tate had charge of the program. Circle three met with Mrs. Walter Sharpe and Mrs. W. I. Clark led the devotion.

The ladies will meet at the church next Monday afternoon.

Dorothy Lesovsky Is Honored At Birthday Party Tuesday

Miss Dorothy Lesovsky was honored Tuesday evening, when her mother Mrs. Frank Lesovsky, entertained in honor of her birthday, inviting twelve girls of the high school set for dinner. The table was centered with a low arrangement of fruit and autumn leaves, place cards were suggestive of Thanksgiving, and souvenirs were cardboard stick-ups in turkey design brought in with the salad. A two course dinner was served. Afterwards the guests enjoyed dancing.

Those invited for the courtesy were Misses Stella Mae Cass, Billy Gaither, Imogene Sapp, Marjorie Dusek, Gladys Jewel Copus, Arnette Ryan, Aline Owens, Laurita Evans, Katherine Hefley, Katherine White, Foldine Rylan, and Julia Mae McCollum.

DANCE AT SKEEZIX

J. D. Lewis will play for the regular Saturday night dance at Skeezix. Mr. Cammer announces that Steve Gardner and his orchestra will play for a dance at Skeezix on next Friday. This announcement will be appreciated by the dance lovers of this section as the Hukum Kings have one of the best orchestras in the South.

P. T. RAMSEY AND WIFE LEAVE FOR CROCKETT

METHODIST PASTOR HONORED AT TWO GATHERINGS DURING WEEK

The departure of Rev. and Mrs. P. T. Ramsey and Miss Katherine Ramsey for their new home in Crockett was the occasion last week for two delightful social gatherings.

The Friendly Bible Class of the Sunday school honored Mrs. Ramsey, their teacher, at the home of Mrs. B. F. Bonds Thursday afternoon, with an informal tea. Miss Katherine Ramsey sang a solo, and this was followed by a musical guessing contest.

The table in the dining room which was presided over by Mrs. R. J. Long was centered with pink radiance roses and pink tapers in crystal holders. Sandwiches and cakes were served with coffee and pink mints further augmented the favored color.

Later in the afternoon Mrs. W. B. Levy gave several piano selections, and just before the farewells were said, Mrs. Ramsey was presented a lovely silver flower basket from the class. She was also the recipient of a shower of miscellaneous gifts from the individual members.

Miss Katherine Ramsey was the recipient likewise of a miscellaneous shower from members of the Methodist choir Wednesday evening at a social meeting at the home of Mrs. W. B. Levy following regular rehearsal. The gifts were in a basket fashioned in pink and were presented to Miss Ramsey by Mrs. B. F. Bonds, president of the choir.

Features of entertainment were a vocal solo by Mrs. Arthur Lee and various games. Mrs. Levy and W. R. Hoover served hot chocolate and cookies.

Miss Frances Sharpe Is Hostess To Club

Members of the Treble Clef Club, the junior musical organization of Cameron, met Wednesday afternoon after school with Miss Frances Sharpe. Business matters occupied most of the afternoon, a feature of which was the initiation into membership of Miss Glen Brooks. Miss Arnette Ryan and Miss Brooks played several piano selections.

The hostess served a salad course and hot tea.

Miss Lucille Dickard Hostess At Bridge

Miss Lucille Dickard entertained members of the Tuesday Bridge Club this week at the home of Mrs. W. O. Triggs. Misses Fanny Lou Davis and Ethel Jenkins were additional guests.

Fall colors were used in house decorations of red berries and yellow chrysanthemums. Miss Katherine Flinn made high score and Mrs. Gaston Earmore was low.

After the games the hostess covered the tables with paper cloths bearing the Thanksgiving designs, and served a salad course and hot tea. She was assisted by Frances and Lucille McDermott.

Mrs. Kristina Bartek Dies At Marek Tuesday

Mrs. Kristina Bartek of the Seaton community died Tuesday afternoon at 2 o'clock at the home of her daughter Mrs. Mike Ondrias, at Marek, during the course of a visit there. Funeral services were held this morning at ten o'clock at the Cyclone Catholic church. Father Kacer of Marek officiated and Green Brothers were in charge of arrangements.

Mrs. Bartek was 79 years and eight months old. She was born in Czechoslovakia and came to central Texas 44 years ago. Her husband, Frank Bartek, died in 1916. She is survived by five sons, John, Joe, Frank, Steve and Andrew Bartek; three daughters, Mesdames Agnes Cocok, Frances Hukka and Annie Ondrias; a sister, Mrs. M. S. Chromcak of Portland, Oregon; 69 grandchildren and 46 great grandchildren.

Pie Holds Gifts For Guests At Party For Billy Howard

An immense pie, fit indeed to be placed before the king of the occasion, who happened to be Billy Howard, son of Mr. and Mrs. Ernest Howard, was filled, not with blackbirds, but with French harps for the boys and dolls for the girls who were invited to celebrate the third birthday of the honoree Saturday afternoon at the home of his grandparents, Mr. and Mrs. J. F. Howard.

The pie was cleverly made of paper and attached to the gifts concealed inside were ribbons of green and or-

ange, one color for the boys and one for the girls. And when the pie was opened by pulling the ribbons the harps and dolls were found.

The birthday cake, iced in white and bearing pink candles, rested in the center of the dining room table. Extending from the central light to the four corners of the table were paper streamers in green and orange. There was an emblem in the cake for each guest, and these were also tied with ribbons in the chosen colors. Candy and ice cream cones were additional refreshments.

Those present were Myrtle, Doris, Owen and Grady Stidham, Jr., Waybourn Gunn, Gerald York, Dick Slocomb, Joe Bill and Iva Earl Heath, Marjorie and Wayland Kidd, Billy Gene Compton and the honor guest.

CHRISTIAN CHURCH

Sunday school at 9:45 a. m. Church service at 11 a. m. Sermon 'Consecration of the Whole Man.'

No evening worship Sunday, as the revival which Bro. Hardigree and Mr. Hayes are conducting in Rockdale will continue through Sunday.

No mid-week prayer service at the

church due to the Union Thanksgiving Service at the First Baptist church Wednesday evening at 7:30 Mr. Hardigree to be the principal speaker.

PRESBYTERIAN AUXILIARY

Members of the Presbyterian Auxiliary are observing week of prayer this week. On Monday and Wednesday afternoons the study book was read, 'The Crowded Ways,' and on Friday a special program will be given at the church at three o'clock.

The ladies will meet in circles next Monday afternoon.

GAUSE

Rev. Edd Pather, assigned to the pastorate of the Methodist church here at the recent Texas Conference held at Palestine met his first appointments here Sunday.

Twenty-three years as a pastor is Rev. Prather's record, counted as a man entering into his elderly days, he is nevertheless young in vigor and spirit and the Gause church is to be congratulated upon the prospect of his wise guidance. He has already won many children as friends and he wishes to meet them all at the Methodist church next Saturday afternoon, November 23, at three o'clock. Parents are also invited. He will have something good and interesting.

A new variety store was opened up for business Monday in the bank building under the ownership of G. R. Varner and T. C. Wilson. Many pretty novelties, things to be found in a variety store decked the shelves. They invite you to come in and see it.

Miss Eloise Thompson, teacher of the Cook's Point school, spent the week end with her parents.

Brown Ely and Blakely Bailey, who are attending the Allen Academy at Bryan spent the week end in Gause.

Mr. and Mrs. Arthur Bowling visited relatives in Franklin during the week end.

Mr. and Mrs. Wishants and family of Houston visited relatives in Gause Sunday.

Edd Wing of Cameron is visiting Mr. and Mrs. V. P. Smith.

Mr. and Mrs. James Harris of Buda visited relatives in Gause during the week end.

Miss Willis Grisby of Austin was the guest of Mr. and Mrs. A. Varner Sunday.

B. Folmar and son, Jessie B. of Hempstead visited their mother and grandmother, Mrs. Jack Folmar Sunday.

Mrs. B. T. Godfrey and daughters, Gertrude and Mary, who are attending school in Houston, visited B. T. Godfrey and Mr. and Mrs. Will Spragins Sunday.

Mrs. Guy Tidwell and daughter, Helen June, of Austin spent Sunday with her parents, Mr. and Mrs. Partidge.

Mr. and Mrs. Mitch Perkins and Miss Sadie Williams barely escaped serious injuries when the car in which they were riding collided into C. S. Critchfield's store. Mrs. Perkins (formerly Mary Goldie Gause) was driving and attempted to turn a corner at too fast a speed and the car dashed across the street, sidewalk, etc., hitting the side of the store and pretty well wrecked the car, a new Ford roadster. Mr. Perkins suffered from cuts about the head while the ladies escaped any serious injuries.

Bill Jones of Dilly was the guest of Miss Mary Sue Walker Sunday.

Mr. and Mrs. L. C. Self of Hearne were the guests of Mr. and Mrs. R. B. Self Sunday afternoon.

Miss Elsie Hauptfleisch, teacher in the Milano school, spent the week end with her parents, Mr. and Mrs. F. M. Hauptfleisch. Misses Edrie and Ariel Wilson, Helen Hauptfleisch, Messrs. Charlie Kilpatrick and Dan Todd motored to Milano with her Sunday afternoon.

Mrs. W. Y. Self and Miss Annie Haire of Branchville are spending the week with Mr. and Mrs. R. B. Self.

Tom Self who is attending the

Hearne school, spent the week end with his parents, Mr. and Mrs. R. B. Self.

Mrs. L. S. Cunningham has returned after a few days visit with her daughter, Miss Jim Lou, who is attending school in San Marcos.

Miss Juanita Thomas returned to Rosebud Sunday with her parents, Mr. and Mrs. J. H. Thomas, after a week's visit with her friend, Miss Oralee Cockran.

Rex, Corley, principal of the Ben Arnold school and once superintendent of the Gause school visited friends here Saturday.

With regrets we are sorry to report that Raymond Alexander, who has been in the Cameron Hospital for the past seven weeks suffering from a broken hip, must remain there a number of weeks more. While attempting to move himself one day last week he injured the hip in such a way that it had to be rebroken and set again Friday. We hope no other misfortune will occur and that his recovery will be soon.

Mrs. C. W. Stephens and daughter, Dorothy, of Rockdale were the guests of Mr. and Mrs. A. Varner, Saturday.

Forty-Two Parties Feature Week

After a series of very large parties during the summer months, small groups are now being invited for games and pleasant gatherings.

Mr. and Mrs. Oxsheer Smith entertained last Friday evening with six tables of 42 at their home. J. W. Coleman made high score for gentlemen and Mrs. W. O. Newton for ladies. Judge Gillis and Mrs. R. D. Brown were low. Following the games the guests were served a salad and coffee.

Another small party was an event

of Friday afternoon when Mrs. W. A. Bonds was hostess to four tables of bridge players. Yellow chrysanthemums were favored in house decorations. Mrs. Eber Flinn was high for the afternoon and Mrs. W. R. Hoover was low. Mrs. Bonds served a salad and hot tea.

Jamison Loses In Suit Against Cox

In the case of J. A. Jamison vs. W. W. Cox which was tried last week, the jury returned a verdict in answer to special issues on Saturday morning to the effect that the defendant did strike plaintiff, and not in self defense, and that the plaintiff was not to sign the paper handed him by defendant by reason of an assault, but did not allow plaintiff damages. Plaintiff filed application for a new trial.

Every Hunter Gets Buck; Local Men Back From Hunt

Every man got his deer in a party of six local men who returned Tuesday from Fredericksburg where they spent several days in an enjoyable outing in the deer country of the west.

Those who enjoyed this hunt were J. D. Dobbins, W. S. Lamkin, Bob Lamkin, W. T. Whatley, Homer Nabours and F. S. Lesovsky. The party bagged six legal buck, the largest falling before the marksmanship of Mr. Lamkin, a nine point buck.

The men report deer plentiful and splendid luck as the bag for the trip indicates.

GREAT GAMES

Football and basketball are great games; in fact, we all like a game of any kind if it is well played. Those who become known as stars at any game have necessarily spent much time in practice and study of the fin-

er points of the game. An untrained player would not think it possible to play a winning game against a star player, yet young men and women without a business training try to play the game of business with the result that in nine cases out of ten, they make a miserable failure. A thorough business training in one of our four colleges would reserve the order of failure to where nine out of ten should make a success. A former student of ours who has made a great success, told us the other day that the money he paid for a scholarship in our school had produced larger returns for him

than any money he had ever spent. Since our four schools have the exclusive use of the Famous Byrne Simplified Shorthand and Practical Bookkeeping and no other business college is permitted to teach them, we can graduate a thoroughly trained stenographer, secretary, bookkeeper or accountant in half the time and at half the cost of other schools. Get our free catalogue, it will make clear to you how we can soon have you in a good position, or in business for yourself. Fill in and mail for free catalogue. Address Byrne Commercial College,

either at Dallas, Houston, San Antonio or Oklahoma City as you prefer.

Mississippi Lady Tells How She Suffered Until She Had Taken Cardui on a Friend's Advice.

Greenville, Miss.—In describing how she suffered several years ago, Mrs. Mattie Dalton, of 112 Pecan Street, this city, recently wrote: "I would cramp, and my hands and feet would draw, so I came near having convulsions. I would have to stay in bed, sometimes a week, and when I would get up, I just dragged around, and did not feel like doing my work. I suffered a great deal with my back. "A friend came to see me and saw how I suffered. She told me to try taking Cardui, which I did. I seemed to have more strength, after my first bottle. After I had taken about four bottles of Cardui, I saw a great improvement.

"I quit having such bad spells, and was stronger and better than in a long time. I gained in weight. I took a few more bottles of Cardui, and felt so well that I quit taking it. "I certainly can recommend Cardui, for I know what it is to suffer, and I know that Cardui helped me." Thousands of women have written to tell of the benefit Cardui has been to them, in helping them to build up their health.

Having helped so many others, Cardui should help you, too. NC-212

Eugene Wade Will Be Tried December 16

Eugene Wade, charged by indictment with the murder of his wife, Mrs. Ora Lee Wade, on Monday, September 30, 1929, will be tried in District Court beginning, December 16. A special venire of 75 men will furnish the jury in the case which has been set for that date. Wade was recently denied bond. At the time of the shooting Wade is said to have made an unsuccessful attempt to end his life when he slashed his throat with a razor. Mrs. Wade died shortly after reaching the hospital.

D. A. R. Entertained Here Thursday

Mrs. Jeff Kemp and Mrs. Bertha Brewer were joint hostesses to the members of the D. A. R. Thursday afternoon in the home of the former. The answer to roll call constituted the program for the afternoon. There were 12 members present, and the roll call was answered with names of women who were famous in colonial times. These were discussed by members. Among those named was Sarah McCalla, for whom the Cameron chapter is named.

This meeting was designated in the

year book for a display of relics, and a number of interesting ones were brought.

The hostess served a salad course and hot tea. Favors were yellow chrysanthemums and Mrs. Kemp also gave each one present a souvenir of Constitution Hall, acquired on her trip during the summer to points north and east. Mrs. Thomas of Rogers was the only out of town member present.

A Scottish farmer, being elected to the school board, visited the village school and tested the intelligence of the clan by questions: 'Now boys can any of you tell me what nothing is?' After a moment's silence a small boy in the back seat rose.

'It's what you gi'd me the other day for holding your horse.'

Scotchman, 'All those jokes about Scotchman make me sore.'

American, 'Aw, can't you take a little fun?'

Scotchman, 'Sure, but the jokes are at our expense.'

Tommy (at vaudeville show), 'Mother, why do them three actors sing together all the time?'

Mother, 'Sh, dear, none of them wants to take all the blame.'

'Most people admire my mouth. Do you?'

'Do I? I think it is immense.'

She, 'My brother takes up Spanish, Franch, Italian, German and Scotch.' He, 'Goodness, what does he study?' She, 'Study? He doesn't study, he runs an elevator.'

High Hat: 'I'm proud to say that my brother began at the foot and worked to the top.'

Brown Derby: 'You don't say. How did he do it?'

High Hat, 'Why, began as a boot-black and now he's a barber.'

Minister, 'As I gaze about, I see before me a great many bright and shining faces.' Just then eighty-seven powder puffs came out.

Dignifies Horse Racing

There is no reason why horse racing in itself should be regarded as a wicked sport. Whatever disrepute is attached to it is due to the fact that it has been made the plaything of the worst type of gamblers. There can hardly be found a higher class of men than the lovers and owners of fine horses who delight to develop and exhibit them on the race track. It is unfortunate that they have not long ago rid racing of the hangers-on whose only interest in horses is that of the gambler. Perhaps the real lovers of horses have not sufficiently realized the harm that was being done by the race-track gamblers, or the questionable practices would have been stopped long ago.

W. T. Waggoner of Fort Worth, is a Texan who loves horses and respects the law. He has spent about \$2,000,000 in acquiring as fine a string of horses as money can buy and in building what is perhaps the best race track in America at Arlington. He calls his place Arlington Downs. He has just put on as splendid a race event as has ever been staged anywhere in this country. Through loud-sounding megaphones and placard he had the announcement made that no gambling or drunkenness would be permitted, that the law must be respected, and it was done in such a way that the thousands of visitors at the races knew that Waggoner meant it. Special police were there with instructions to keep their eyes open and to arrest and remove from the grounds any violators of the law. The result is said to be that his wishes were respected to the letter.

Make Racing Respectable

In pointing the way to making horse racing a popular sport and unobjectionable even to the most critical churchman, W. T. Waggoner has done a truly great service. It now remains for the State to take a hand in such a way that lovers of fine horses may be assured that racing will be made as respectable a pastime as ball playing or other athletic sports. It can be done if the right machinery is only set up and Mr. Waggoner has shown that this will not be difficult.

Texas climate, Texas soil and Texas grasses are said to surpass even those of the famous blue grass region of Kentucky for raising, developing and training horses and with a little legislative assistance Texas can be made noted the world over for its horses. There are hundreds of horse lovers in Texas who have the money to bring this about if only they are assured that the State will do its part to assist them in safeguarding the race tracks from the baneful influence of gamblers and other law breakers.

Maybe you have guessed that the writer of this column is a farmer Kentuckian. Well, he is, and also a member of an orthodox church.

Texas Millionaires

Figuring on the basis of income taxes, Federal treasury actuaries find that Texas has 481 millionaires, and 13 super-millionaires. Those whose holdings and investments yield them \$50,000 a year are classed as millionaires, and those who have annual incomes ranging from \$500,000 to \$2,000,000 a year are placed in the list of super-millionaires. Not many country editors, columnists or 'dirt' farmers are ever caught in either class.

Leading Cotton Country

Ginnings made to date this year show that Nueces County, Texas leads the entire South in cotton production with 122,046 bales. Bolivar County, Miss., comes next with 113,492 bales. The ten counties leading in cotton have produced in excess of 70,000 bales each. Of these, seven are in Texas and three in Mississippi. Arkansas is a poor third with 57,554 bales grown in one county.

Llano Corn Yield

Llano county is in a section of Texas where the rain fall is usually light and it has been lighter than usual this year. Despite that fact, a Llano Country Club boy, working under the direction of the county farm agent, has grown 110 bushels of corn on two acres of land. The cultural methods used should interest all corn growers. The land, a deep sandy soil, was broken in the winter, and bedded and re-bedded in preparation for planting. One hundred and fifty pounds of 12-4-4 fertilizer were applied to each acre as the corn was planted. The corn was harrowed while small and cultivated shallow three times.

The production expense was \$25.30. At \$1.60 a bushel for the corn, a net profit of \$84.70 was made on the two acres. Other corn in the same field and on the same kind of land with

identical cultivation but no fertilizer yielded only 27 bushels to the acre.

Fort Stockton Creamery

Would you believe it? Look it up on the map. A few years ago Fort Stockton was right in the middle of the leading longhorn cow country in Texas, and a Jersey cow was an unusual sight as an elephant. In two months there will be a model, modern creamery there, and the farmers are reported as being 'jubilant' about it. Not very far back a proposal to establish a creamery would have been answered with jeers. Now, \$125 Jersey cows are being shipped into the country.

Burnet Lead Mines

Burnet county is rich in many things. Its granite appears to be a source of inexhaustible wealth. Its cedar has made fortunes for a number of men. There is enough rock in the county, if quarried to employ an army of laborers for many years. There are rumors of discovery of silver and copper and other minerals in immense quantities. A lead mine has been successfully operated for several years and another is being uncovered

that is expected to yield still richer returns. The new lead mine plant is reported to be of sufficient capacity to produce 40 tons of ore a day and will give employment to day and night shifts of 40 men each.

Pecan Marketing Organization

A great need of the pecan industry in Texas is a workable marketing association. As the recent meeting of the West Texas Pecan Growers' Association plans were started for the early formation of such an organization. A meeting is to be held at Bend, San Saba county, December 10, at which ten of the leading pecan growing counties of Texas will have representation, looking to the creation of a cooperative marketing plan. The counties that will be represented are Brown, Tom Green, Kimble, Mason, Lampasas, Uvalde, Wharton, Gonzales, San Saba, Guadalupe and such others as may be sufficiently interested to send delegates to the meeting.

Menard Grows and Plans

Menard now has a complete water and sewage system and is paving about 30 blocks of city streets. Fu-

ture plans contemplate a high school building commensurate with the growth of the town and a court house to meet the present requirements. The town proudly puts forth the claim that it is the best lighted and best paved city of its size in Texas, and invites any who may doubt the statement to 'come and see.'

Texas Health Resorts

Texas has a number of health resorts, but whenever a Texan thinks of going anywhere for his health his first thought is of Mineral Wells. 'There is a reason.' Mineral Wells is the one place in Texas that has assisted in proclaiming its advantages year after year and has not quit just because a season or two may have been dull. The place that has something worth telling about should 'keep everlasting at it.'

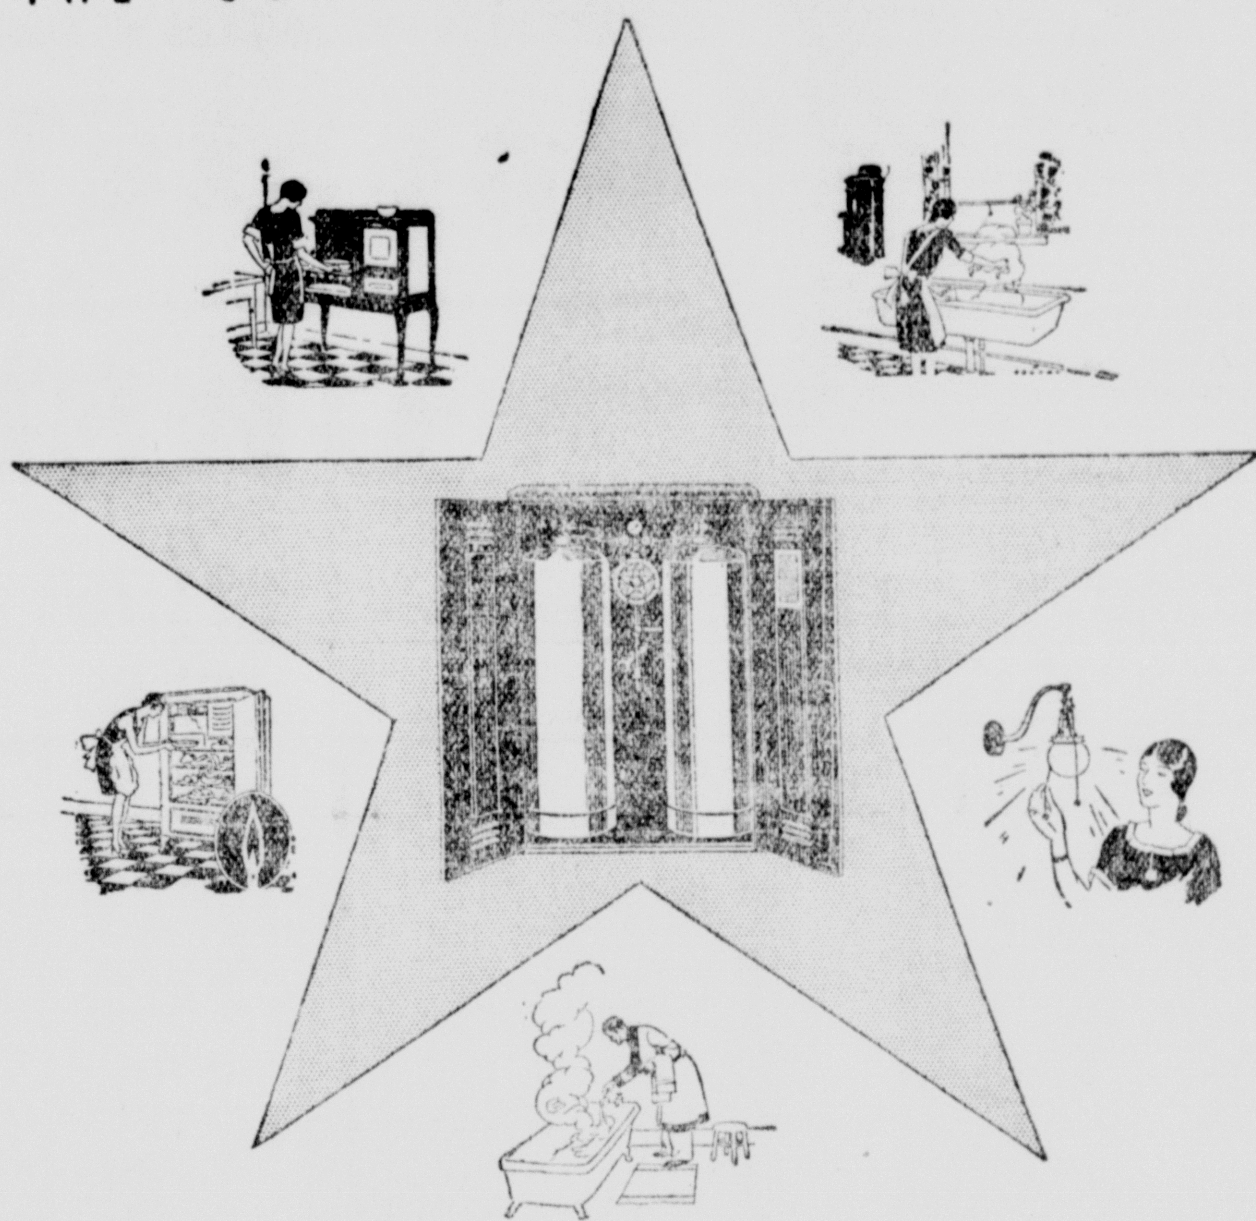

CARD OF THANKS

We take this method of thanking our friends and the doctors for their kindness and assistance during the suffering and death of our wife and mother. May God add His blessings to our gratitude.

STARGAS

"THE COMPRESSED NATURAL GAS"

STARGAS Brings City Comforts and Conveniences to Rural and Suburban Home Owners

LONE STAR GAS COMPANY, one of America's largest natural gas companies, with 3500 miles of main pipe lines serving a million and a quarter people, has recently developed STARGAS, "The Compressed Natural Gas," to serve thousands not reached economically through pipe lines.

The public response was instantaneous. The installations of STARGAS equipment in suburban and rural homes have far exceeded our original expectations. One point that has counted heavily with all who have started using STARGAS is that continuous, dependable service is guaranteed to each STARGAS customer by a company having millions of dollars invested in the natural gas industry and more than 20 years of experience in natural gas service.

With STARGAS, all may enjoy the comforts and conveniences of natural gas. STARGAS may be piped to every room of the house—for many different purposes—from a single STARGAS House Installation. You can use the same time-tried gas appliances that are used with pipe line natural gas,

with minor adjustments. There's nothing available to suburban and rural home owners to compare with STARGAS. Present STARGAS users are enthusiastic and would not be without this modern fuel.

STARGAS is safe, as reflected by the approval of Underwriters Laboratories. STARGAS is reliable, being guaranteed by Lone Star Gas Company. STARGAS is economical for cooking, lighting, hot water, refrigeration and ironing (it is not recommended for heating). One cylinder of STARGAS lasts the average family about two months for cooking. STARGAS Equipment may be purchased on convenient terms.

STARGAS is Lone Star Gas Company's answer to the demand for natural gas in sections that cannot be reached economically by pipe lines. Every reader of this newspaper who is not served by pipe lines should investigate STARGAS. The local gas company in the town in which this newspaper is published will gladly give you full information on STARGAS. If you cannot call in person immediately, write or telephone for information. Be sure to investigate STARGAS.

THE CENTAUR COMPANY, NEW YORK CITY.

Stapleton

(continued from page 1)

Stapleton along with other employees of the company here meet once each week at which time these methods of safety and life saving are taught. The method used in saving the life of Mrs. Pierce has been effectively used in many cases where employees of the company have been saved as well as the lives of people who have been injured either by asphyxiation, electricity or from drowning.

Stapleton was born at Bay City, Texas but reared in Milam county. He came to Cameron from his home near Rockdale in 1926 and entered the service of the Texas Power & Light Company and is the oldest employee of the company here with the exception of John C. Young, manager.

Presentation of the medal was made Tuesday night by J. C. Rutland of the safety department of the company. Stapleton looks upon his act of saving the life of Mrs. Pierce with a degree of modesty and was quite overcome by the display in his honor at the banquet Tuesday night. His service with the company was applauded by the officials and he in turn expressed his appreciation for this consideration. The following letter to Mr. Stapleton from John W. Carpenter, president of the Texas Power and Light Company was read to the assembled guests:

Dallas, Texas, Nov. 16, 1929.

Mr. Floyd Stapleton,
Texas Power & Light Company,
Cameron, Texas.

Dear Mr. Stapleton:

It gives me a great sense of gratification to know that you are being presented with the John W. Carpenter Medal for Resuscitation. I have read with much interest the account of your resuscitating Mrs. Berry Pierce on July 21, 1929. It is a wonderful thing to be able to save the life of another human being.

It must be a source of pleasure to you to know that you have taken advantage of the opportunity to learn the Prone Pressure Method of Resuscitation and that, when the occasion presents itself, you will be ready to render this service.

Please accept this medal as a token of our appreciation of the splendid manner in which you used your knowledge of resuscitation to bring Mrs. Pierce back to life after she had been drowned. Such men as you are a credit to our Company and to your friends.

Sincerely,

J. W. CARPENTER,
President.

Carpenter Medal

(continued from page 1)

M. Moore of the safety division of the company.

Mr. Young as toastmaster made a short talk outlining the policies of the company and introduced the speakers.

In his address to the guests Mr. Rutland spoke at length on the methods of safety employed by the company. Safety he said is a prerequisite to good service and the time has passed when careless workmen may hold places with the large industrial concerns. Each year he said 25,000 people in America are killed in accidents. His company through its president, John W. Carpenter, has inaugurated safety methods taught at meetings held at each branch under

the direction of the management. In these meetings employees learn methods of reviving people who have been drowned or come in contact with high voltage wires and the saving of the life of Mrs. Berry Pierce by Floyd Stapleton was offered as an example of how lives are saved. At the conclusion of his address he called Mr. Stapleton to the speakers table and there presented him the gold medal. Mr. Stapleton in a few well chosen words expressed his appreciation and was applauded by the people.

O. M. Smith, president of the Citizens National Bank made an interesting talk, complimenting the company on its policy of safety as taught to employees.

Mayor W. W. Chambers in his talk said that the Texas Power and Light Company is rendering a satisfactory and adequate service in supplying the city with lights and power. He told of the voluntary reduction of rates and said that the company has dealt fairly with the city government and the people and that as head of the government he took pleasure in commending its service and the rates charged. "The company is better able to serve us than private corporations," he said, "because it has means of production and distribution no locally owned company may have and in this way they are able to give lower rates and better service. I want to say right here that we are pleased with the service of the Texas Power and Light Company."

J. P. Love, pastor of the Episcopal church, made a short talk to introduce the Scout patrols and the Scout Masters. He said that 73 of the boys were present and assured the boys the cabin had been assured from funds secured in the recent appeal.

Among the guests were members of the city council, physicians and civic leaders. The meeting was an impressive gathering to emphasize the methods of safety employed by the company and the presentation of the medal to Floyd Stapleton climaxed the hour. He received the hearty congratulations of those present for having employed the methods of resuscitation to save the life of Mrs. Pierce.

Pleating Machine

(continued from page 1)

the material through it. The machine does all the work automatically. Clore and Mowdy have the distinction of being the only cleaners in Milam county equipped with a pleating machine. In fact there is no other machine of this 1930 type in the State of Texas.

Demands have been insistent from the ladies of Cameron and Milam county for pleating service and desiring nothing but the best to match the already modern equipment of this plant Clore and Mowdy purchased the Maxant Master Machine thus insuring a pleating service second to none in the State of Texas. Heretofore work of this kind was necessarily sent out of the city. Now it can be done at home, thanks to the enterprising and progressive policies of Clore and Mowdy. Not only is it now possible for pleating service to be had at home but at a cost far below the charges made when sent away from the city.

Those who are not familiar with the demands for pleating work in connection with a cleaning plant such as this, will be surprised to know of the volume that annually is sent from the city. All of this service can now be obtained in Cameron. The capacity of this machine is practically unlimited and gives a pleating equipment that will meet the needs of Cameron

and Milam county for many years to come.

When taken into consideration in connection with the other modern equipment of this cleaning plant, this new machine completes in every detail a cleaning and pressing service such as few plants in Texas can offer. Clore and Mowdy are rendering a distinct service to the people of Cameron and Milam county in the installation of this machine and it means a step forward in the history of the industry in this section.

"We want the ladies to visit our plant and let us demonstrate this machine to them. Without an inspection of this machine, to see it in operation and let us explain the details of its service, one cannot really appreciate the service we are able to render. We will consider it a pleasure to demonstrate it and we invite the ladies to visit our plant."

FIFTEEN INDICTMENTS BY GRAND JURY

THIRTEEN FELONY CASES REPORTED AS JURY CLOSES WORK FOR TERM

Fifteen bills of indictment were returned by the grand jury for the November term of court when that body made a report to Judge John Watson. Thirteen of the cases are of the grade of felony and two are for misdemeanor offenses.

Eugene Wade, charged with the killing of his wife, Mrs. Ora Lee Wade, has been indicted for murder.

The following is the report of the grand jury:

The State of Texas,
County of Milam.
In the District Court of Milam County, Texas, November term A. D., 1929.

To the Honorable Judge of said Court:

The Grand Jury for the above term of Court, begs to report that it has been in session for five days, has examined numerous witnesses touching violations of the penal laws of said State and committed within Milam County and return herewith into open court 15 true bills of indictment, 13 of the grade of felony and 2 of the grade of misdemeanor.

Having completed our labors, we now ask to be finally discharged.

Respectfully,

J. L. Barmore, Foreman.

Mrs. H. E. Bauknight Buried In Rockdale

Mrs. H. E. Bauknight, a former resident of Cameron, died Tuesday morning at the home of her daughter, Mrs. Vaughn Paul, in Dallas. Mrs. Bauknight's home was in Ft. Worth but she was visiting her daughter at the time of her death.

Funeral notices announced the funeral services at Rockdale Thursday, November 21, from the Methodist church with interment in the I. O. O. F. Cemetery at Rockdale.

Mr. and Mrs. Bauknight moved away from Cameron some fifteen years ago. One of Mr. Bauknight's brothers, Jim Bauknight, died in Gal-

veston about a year ago and was buried in Cameron at Oak Hill Cemetery and Mr. H. E. Bauknight was here for the services.

The deceased is survived by her husband; one daughter, Mrs. Paul; and one grandson.

Jolene and Virginia Lindle Celebrate Their Birthdays

Jolene, age 7, and Virginia, age 9, children of Mr. and Mrs. J. A. Lindle, observed their birthday anniversaries last Saturday afternoon, inviting 38 of their friends to their home to play games and to cut their birthday cakes.

The cakes were iced in white and decorated with pink candles and held emblems for the guests to cut. Jolene and her friends cut her cake first and then Virginia invited her guests in the house for the customary ceremony. Individual souvenirs were sticks of candy dressed as dolls.

The little guests were served fruit salad and whipped cream along with the cake. Both honorees were recipients of many gifts.

BAPTIST W. M. S.

Lillie Mae Hundley Circle of the Baptist W. M. S. met with the women of the Mexican Baptist church Monday afternoon. There were 12 members present. The Mexican women gave a program first consisting of musical numbers and business transactions, and this was followed by a short program by the visitors. Following this, the Mexicans exhibited some of their hand work. Lotie Moon circle met with Mrs. R. G. McLeod for a lesson on missions. There were ten members present and Mesdames McLeod and Gus Evans conducted the program. Eunice Taylor Glass circle met with Mrs. R. G. Gra-bein with ten members present. Mrs. Joe Denson led the lesson on missions.

The ladies will meet in circles again next Monday for a lesson in Royal Service. Lillie Mae Hundley will meet with Mrs. W. H. Henley, Lotie Moon with Mrs. Conn Miller and Eunice Taylor Glass with Mrs. Bertha Brewer.

METHODIST CHURCH

The pastor and membership of the Methodist church cordially invite all who have no other church home to attend religious worship at their church next Sunday. At the eleven o'clock hour the subject of the sermon will be 'The Parable of the Talents'

and at the 7:00 p. m., service (notice the change of time of beginning): 'Building the Walls of Jerusalem.' Special music at both hours as well as good congregational singing. Sunday school begins at 9:45 a. m., and the three Epworth Leagues at 5:00 p. m.

The new pastor has received a most cordial reception, both on the part of his congregation and the community. He is here to serve in the Master's name. Command his services.

Mrs. R. G. McLeod is in Houston this week the guest of her sister.

Mr. and Mrs. Cecil McGregor will spend this week end in Morgan, the guests of Mrs. McGregor's parents. Miss Imogene Sapp will accompany them as far as Waco and will visit her sister, Miss Gladys Davis, a student at Baylor University.
